

APPENDIX D-4

Beneficiary Eligible Mitigation Action Certification

NM PUBLIC EDUCATION DEPARTMENT SCHOOL BUS REPLACEMENT PROJECT - ALBUQUERQUE SCHOOL DISTRICT

NM -VW-19-06

BENEFICIARY ELIGIBLE MITIGATION ACTION CERTIFICATION

Beneficiary State of New Mexico

Lead Agency Authorized to Act on Behalf of the Beneficiary New Mexico Environment Department

(Any authorized person with delegation of such authority to direct the Trustee delivered to the Trustee pursuant to a Delegation of Authority and Certificate of Incumbency)

Action Title:	NM Public Education Department School Bus Replacement Project - Albuquerque School District
Beneficiary's Project ID:	NM-VW-19-06
Funding Request No.	<i>(sequential)</i> 004
Request Type: (select one or more)	<input checked="" type="checkbox"/> Reimbursement <input type="checkbox"/> Other (specify):
Payment to be made to: (select one or more)	<input type="checkbox"/> Beneficiary <input checked="" type="checkbox"/> Other (specify): NM Public Education Department
Funding Request & Direction (Attachment A)	<input checked="" type="checkbox"/> Attached to this Certification <input type="checkbox"/> To be Provided Separately

SUMMARY

<p>Eligible Mitigation Action <input checked="" type="checkbox"/> Appendix D-2 item (specify): Eligible Mitigation Action 2. Class 4-8 School Bus, Shuttle Bus, or Transit Bus (Eligible Buses)</p> <p>Action Type <input type="checkbox"/> Item 10 – DERA Option (5.2.12) (specify and attach DERA Proposal)</p>
<p>Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1): The Beneficiary Mitigation Plan's overarching goal is to protect New Mexico's environment and the health of our citizens. The Trust allows the State the opportunity to offset (mitigate) the impact of excess nitrogen oxide (NO_x) emissions associated with the affected vehicles registered within New Mexico. The reduction of NO_x from mobile sources achieves the intended use of Trust funds by preventing the deterioration of air quality, ensuring the health and safety of the inhabitants of the state, and promoting visibility improvement within New Mexico. Implementation of diesel NO_x reduction projects using Trust funds will have immediate and long-lasting benefits. The proposed project will reduce emissions of NO_x, focusing on the most cost-effective vehicles that maximize emission reductions.</p>
<p>Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2): Pursuant to 22-8-27, NMSA 1978 the Public Education Department (PED) is required to replace to-and-from school buses on a twelve-year cycle. Once a to-and-from bus is replaced, a school district can use the bus as a spare bus up to twenty years of age. The State of New Mexico was behind schedule in replacing district-owned buses in accordance with the twelve-year cycle as required in statute. The PED is replacing 31 to-and-from school buses for the Albuquerque Public School (APS) District. The buses that PED is replacing are 2002, 2004, 2005 and 2006 models. These buses could have been used for an additional 3 to 7 years as spare buses. The award for the replacement of these buses was \$1,763,267, of which PED is requesting a reimbursement of \$1,679,149, which is 60.5% of the total cost of \$2,775,453. PED contributed the other 39.5% (\$1,096,304) with funds from the Statewide General Obligation funds that required voter approval at the general election. The emission reduction data and the calculated cost effectiveness was generated for these buses using the Heavy-Duty Vehicle Emissions Calculator from Argonne National Laboratory's which estimates the vehicle</p>

operation nitrogen oxide (NO_x) and particulate matter (PM_{2.5}), as well as the well-to-wheel greenhouse gas emissions (GHGs) of commercially available alternative fuel medium- and heavy-duty vehicles.

Estimate of Anticipated NO_x Reductions (5.2.3):

The total lifetime NO_x reduction for this project is estimated to be 15.64 tons (31,280 pounds) over a twenty-year period.

Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1):

The New Mexico Environment Department Administrative Services Division is the governmental entity responsible for reviewing and auditing expenditures of EMA funds to ensure compliance.

Describe how the Beneficiary will make documentation publicly available (5.2.7.2):

The New Mexico Environment Department has created a public website, <https://www.env.nm.gov/vw-settlement/> for information relating to the Trust, the VW Partial Consent Trust Decrees, New Mexico's Beneficiary Mitigation Plan, and project implementation information. To provide transparency and accountability, the NMED will post information on its website.

Describe any cost share requirement to be placed on each NO_x source proposed to be mitigated (5.2.8):

The total project cost is Two Million Seven Hundred Seventy-Five Thousand Four Hundred Fifty-Three dollars (\$2,775,453.00). Trust funding will provide One-Million Six Hundred Seventy-Nine Thousand One Hundred Forty-Nine dollars (\$1,679,149), 60.5% of the final total project cost, towards the purchase of the new buses. The remaining One Million Ninety-Six Thousand Three Hundred and Four dollars (\$1,096,304), 39.5% of the total project cost, constitutes PED's cost share.

Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9):

On February 27, 2018, NMED sent notice to the U.S. Department of the Interior and the U.S. Department of Agriculture using the contact information provided in subparagraph 4.2.8.

If applicable, describe how the mitigation action will mitigate the impacts of NO_x emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):

The VW Mitigation Trust funds have afforded the State the opportunity to advance environmental justice goals. New Mexico's Mitigation Plan expresses a commitment to prioritizing projects that benefit those communities most impacted by poor air quality. Minorities and those living below the poverty level historically have borne a disproportionate share of air pollution, including air pollution emissions associated with non-road and on-road heavy-duty diesel-fueled vehicles. The 'NM PED School Bus Replacement Project - Albuquerque School District', supports the State's goal of reducing the adverse impacts associated with diesel-fueled emissions on the communities near and adjacent to these sources by transitioning towards cleaner diesel buses. The project is in the APS District, which is located within the City of Albuquerque, Bernalillo County. The County has a population of 674,777; the most populated county in the state which also emits more pollutants than any other county. The City of Albuquerque Environmental Health Department, Air Quality Program has documented that Bernalillo County is at approximately 95.7% of the 2015 Federal Standard for ozone. The bus fleet provides to-and-from bus services for school aged children in grades Kindergarten through twelfth grade. The fleet conducts frequent stops throughout the district daily. The students who ride the bus are directly impacted by pollutants from the bus. The enrollment of the APS District is 81,362 and 69% of the enrollment qualify for free or reduced lunches. 40,412 students are transported in school buses daily throughout the district. The school district bus fleet consists of 483 buses and 389 of these buses are used daily to transport students to-and-from school. There are several hospitals and senior citizen centers throughout the school district. The population in Bernalillo County is 60% minority, and 26% are below the poverty level. The project area is in an urban area surrounded by several different fleets / fleet yards; airports; bus terminals; distribution centers; multimodal center; and rail yards.

CERTIFICATIONS

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of Beneficiary the State of New Mexico, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make payments described in this application and Attachment A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

ATTACHMENT C
DETAILED PLAN FOR REPORTING ON ELIGIBLE MITIGATION
ACTION IMPLEMENTATION

The New Mexico Environment Department (NMED), as the lead agency for the State of New Mexico for implementing the Volkswagen Environmental Mitigation Settlement Plan, has established a webpage for the Settlement and mitigations actions, www.env.nm.gov/vw-settlement/. NMED will post documents and links as required under Paragraph 7 of Appendix D-3 Certification for Beneficiary Status form. The NMED is subject to the Open Meetings Act, which provides the statutory guidelines for conducting public meetings and the Inspection of Public Records Act, which is a New Mexico state law that provides the public and media access to public information.

For the initial round of funding, NMED solicited, through a competitive process, public and private entities for funding opportunities. Projects were selected through a scored application using an identified scoring criterion. The records of selected projects will be posted and made available on the NMED VW Settlement webpage. The public website was created specifically to provide information related to the Trust, the VW Partial Consent Decrees, and accountability. The NMED will post timely updates on the following:

- General information on the Trust and Consent Decrees
- The State's final Beneficiary Plan
- All public records supporting funding requests the NMED submits to the Trust
- All public records supporting all expenditures of the Trust Fund
- NMED contact information

After the initial round of funding, NMED will periodically evaluate the implementation of the State's Beneficiary Mitigation Plan (BMP) and associated Eligible Mitigation Actions and will determine whether any revisions to the BMP and funding levels need to be reevaluated. If revisions to the BMP are warranted, NMED will seek public input on BMP revisions with a minimum of a 30 – day public comment period.

In addition, the State will also comply with the reporting obligations listed in the Environmental Mitigation Trust Agreement for State Beneficiaries in Subparagraph 5.3.

FROM: Marian Rael, Director, Administrative Services Division

RE: REQUEST FOR PAYMENT
Awardee: Public Education Department (PED)
Project: School Bus Replacement - Albuquerque Public School District
Contract Agreement Number: NM-VW-19-06

The PED is requesting payment from the NMED in the amount of \$1,679,149 for the replacement of 31 passenger school buses. The replaced bus details are shown in Exhibit A and the vehicle identification numbers and engine model year for the old and new buses are listed in Exhibit B.

Through this request, PED confirms that 31 passenger school buses were purchased and paid for (Invoices and checks attached). The replaced buses were scrapped by cutting a three-inch by three-inch hole in the engine block exposing the cylinders and disabling the chassis by cutting through the frame rails on each side between the front and rear axles. The decommissioned buses were verified by the NMED and PED and photographs were taken of each bus and are on file with the NMED.

By signing this request for payment, I am verifying that all work performed on this grant was completed in conformance with all Volkswagen Mitigation Trust Program requirements, applicable laws and established procedures. Supporting documentations are on file and available to any auditing agent.
