Massachusetts is a beneficiary under the Volkswagen (VW) *Environmental Mitigation Trust Agreement for State Beneficiaries* (VW Settlement). The Massachusetts Department of Environmental Protection (MassDEP) is the designated Lead Agency for Massachusetts under the VW Settlement and is responsible for, among other duties, developing the beneficiary mitigation plan (BMP) for Massachusetts, which describes how the Commonwealth will spend its funding allocation. The VW Settlement contains provisions requiring semiannual reporting:

5.3 Beneficiary Reporting Obligations: For each Eligible Mitigation Action, no later than six months after receiving its first disbursement of Trust Assets, and thereafter no later than January 30 (for the preceding six-month period of July 1 to December 31) and July 30 (for the preceding six-month period of January 1 to June 30) of each year, each Beneficiary shall submit to the Trustee a semiannual report describing the progress implementing each Eligible Mitigation Action during the six-month period leading up to the reporting date (including a summary of all costs expended on the Eligible Mitigation Action through the reporting date). Such reports shall include a complete description of the status (including actual or projected termination date), development, implementation, and any modification of each approved Eligible Mitigation Action. Beneficiaries may group multiple Eligible Mitigation Actions and multiple sub-beneficiaries into a single report. These reports shall be signed by an official with the authority to submit the report for the Beneficiary and must contain an attestation that the information is true and correct and that the submission is made under penalty of perjury.

MassDEP submitted prior semiannual reports to the trustee, Wilmington Trust (WT), covering the periods of October 28, 2019 to December 31, 2019, January 1, 2020 to June 30, 2020, July 1, 2020 to December 31, 2020, and January 1, 2021 to June 30, 2021. This fifth semiannual report covers the period of July 1, 2021 to December 31, 2021.

MassDEP issued a *Final Massachusetts Volkswagen Settlement Beneficiary Mitigation Plan* (BMP),¹ submitted to WT on December 10, 2018, and an *Amendment* to the BMP,² submitted to WT on December 17, 2019, which established plans for \$40,759,663.66 of the \$75,064,424.40 Massachusetts allocation of the VW Settlement. The current status of Massachusetts' VW implementation is summarized below.

Eligible Mitigation Action (EMA)	BMP Equipment and Installation Budget	Status
EMA 2: Electric transit buses	\$22,000,000	D-4 form submitted to WT October 3, 2019 ³ reserved \$10,977,992 for electric transit buses, charging infrastructure, installation and administrative costs in connection with designated regional transit authorities. ⁴ D-4 form submitted to WT December 23, 2020 ⁵ increased the amount reserved for electric transit bus equipment and installation to \$22,000,000, plus reserved \$2,697,409.32 for EMA 2 projects under the VW Open Solicitation discussed below and \$3,660,624.02 for total EMA 2 administrative costs. The following payments have been made: \$3.9 million to BYD Coach and Bus LLC for six electric transit buses delivered to Martha’s Vineyard Transit Authority; \$3,882,804 to Proterra Inc. for four electric transit buses and six charging stations delivered to Pioneer Valley Transit Authority (PVTA); and \$168,678.83 to PVTA for charger installation. Procurements are in process for an additional eight transit buses and four dual-port charging stations for PVTA, and six buses and six charging stations for Greater Attleboro Taunton Transit Authority.
EMA 9: Light duty electric vehicle supply equipment (EVSE)	The maximum allowed 15%. (15% of the \$75,064,424.40 initial allocation is \$11,259,663.66; the final amount spent may be higher due to investment earnings on the balance of funds in the Trust, but not more than the allowed 15%.)	D-4 form submitted to WT August 28, 2019, reserved \$5,750,000 for EVSE, installation and administrative costs for three Massachusetts Electric Vehicle Incentive Program (MassEVIP) offerings detailed below. D-4 form submitted to WT February 21, 2020 ⁶ increased reserved amount to \$12,948,613.21 (\$11,259,663.66 for EVSE and installation and \$1,688,949.55 for administration), and liquidated a \$3,459,157.95 portion for estimated 2020 grants (\$3 million for EVSE and installation and \$459,157.95 for administration). In the current reporting period, 45 grantees received \$1,066,053.33 for EVSE at 62 distinct locations. The 4 th annual Semi-Annual Report omitted payments disbursed in June 2020, in which 19 grantees received \$402,008.00 for EVSE at 27 distinct locations. To date, 176 projects have received \$2,508,891.06 in funding. More detail on EMA 9 spending is provided below.

⁴ As indicated in the December 2018 BMP, p.4, “Trust Funds can be used for the actual administrative expenditures associated with implementing an eligible mitigation project, but not to exceed 15% of the total cost of such eligible mitigation project. The Commonwealth will review each mitigation project to determine the appropriate level of administrative expenditure and does not expect to use the entire 15% for this purpose.”

A number of grant programs were announced on January 18, 2019; see press release at <https://web.archive.org/web/20210515215603/https://www.mass.gov/news/baker-polito-administration-announces-grant-programs-to-reduce-vehicle-air-pollution-under-the>. These programs included three MassEVIP offerings totaling \$5 million under EMA 9 EVSE, and a \$7.5 million Open Solicitation open to all EMAs except EMA 9 (EVSE) and EMA 10 (DERA). On December 29, 2020 MassDEP announced \$4 million in enhancements to the three existing MassEVIP offerings and the addition of a fourth MassEVIP program for Direct Current Fast Charging (DCFC) EVSE; see press release at <https://www.mass.gov/news/baker-polito-administration-announces-availability-of-additional-4-million-to-fund-electric-vehicle-charging-infrastructure>. In September 2021, MassDEP allocated the remaining \$2,259,663.66 of EMA 9 funds to MassEVIP. A matrix comparing details of the MassEVIP program features can be found at <https://www.mass.gov/doc/matrix-of-massevip-grant-programs/download>.

- The Open Solicitation was opened January 18, 2019, with a March 18, 2019 application deadline. Selected Grantees were announced on December 20, 2019.¹¹ Some Grantees for this program have completed their projects, and some Grantees are in the process of implementing their projects. Grantees first receive an approval letter with contract forms to sign, then are sent an executed contract. The contracts between MassDEP and Grantees allow 18 months to complete projects. Due to the COVID-19 emergency, MassDEP has worked with Grantees to review and extend timelines as necessary. Application links and materials can be found at: <https://www.mass.gov/how-to/apply-for-a-vw-open-solicitation-grant>. See the following two tables for Open Solicitation project status through December 31, 2021, and disbursements during this reporting period.

- MassEVIP: Public Access Charging (PAC):* The first round of \$2 million was opened January 18, 2019 with a March 18, 2019 application deadline. Selected Grantees were announced on November 20, 2019; see press release at <https://www.mass.gov/news/baker-polito-administration-awards-2-million-in-grants-to-support-public-access-charging-for>. Some Grantees for this program have completed their projects, and some Grantees are in the process of implementing their projects. Grantees first receive an approval letter with contract forms to sign, then are sent an executed contract. The contracts between MassDEP and Grantees allow 180 days to complete projects. Due to the COVID-19 emergency, MassDEP has worked with Grantees to review and extend timelines as necessary. In addition to the \$2 million awarded in the first round, MassDEP allocated an additional \$1.5 million to reopen the PAC program on a rolling basis in December 2020. MassDEP allocated an additional \$1.5 million to the PAC program in September 2021. Application links and materials can be found at: <https://www.mass.gov/how-to/apply-for-massevip-public-access-charging-incentives>. See the following table for project status through December 31, 2021.
