

APPENDIX D-4

Beneficiary Eligible Mitigation Action Certification

Francis Energy, LLC: Allsup Carrizozo EVNM-0031 Project, NM-VW-20-18

BENEFICIARY ELIGIBLE MITIGATION ACTION CERTIFICATION

Beneficiary State of New Mexico

Lead Agency Authorized to Act on Behalf of the Beneficiary New Mexico Environment Department

(Any authorized person with delegation of such authority to direct the Trustee delivered to the Trustee pursuant to a Delegation of Authority and Certificate of Incumbency)

Action Title:	Allsup's Carrizozo EVNM-0031 Project
Beneficiary's Project ID:	NM-VW-20-18
Funding Request No.	<i>(sequential) 012</i>
Request Type: (select one or more)	<input checked="" type="checkbox"/> Reimbursement <input type="checkbox"/> Other (specify): Click or tap here to enter text.
Payment to be made to: (select one or more)	<input type="checkbox"/> Beneficiary <input checked="" type="checkbox"/> Other (specify): Francis Energy, LLC
Funding Request & Direction (Attachment A)	<input checked="" type="checkbox"/> Attached to this Certification <input type="checkbox"/> To be Provided Separately

SUMMARY

Eligible Mitigation Action <input checked="" type="checkbox"/> Appendix D-2 item (specify): Eligible Mitigation Action 9. Light Duty Zero Emission Vehicle Supply Equipment
Action Type <input type="checkbox"/> Item 10 – DERA Option (5.2.12) (specify and attach DERA Proposal)
Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1): The Beneficiary Mitigation Plan's overarching goal is to protect New Mexico's environment and the health of our citizens. The Trust allows the State the opportunity to offset (mitigate) the impact of excess nitrogen oxide (NO _x) emissions associated with the affected vehicles registered within New Mexico. The reduction of NO _x from mobile sources achieves the intended use of Trust funds by preventing the deterioration of air quality, ensuring the health and safety of the inhabitants of the state, and promoting visibility improvement within New Mexico. Implementation of diesel NO _x reduction projects using Trust funds will have immediate and long-lasting benefits. The proposed project will reduce emissions of NO _x , focusing on the most cost-effective vehicles that maximize emission reductions.
Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2): A publicly accessible Electric Vehicle Charging Station consisting of two (2) 50kW DC Fast Charging Stations located on commercial property housing a convenience store. Site is at the intersection of HWY's 380 & 54 in the middle of the Carrizozo metropolitan area, providing a convenient location for local charging and transit charging alike.
Estimate of Anticipated NO_x Reductions (5.2.3): N/A
Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1): The New Mexico Environment Department Administrative Services Division is the governmental entity responsible for reviewing and auditing expenditures of EMA funds to ensure compliance.
Describe how the Beneficiary will make documentation publicly available (5.2.7.2):

The New Mexico Environment Department has created a public website, <https://www.env.nm.gov/vw-settlement/> for information relating to the Trust, the VW Partial Consent Trust Decrees, New Mexico's Beneficiary Mitigation Plan, and project implementation information. To provide transparency and accountability, the NMED will post information on its website.

Describe any cost share requirement to be placed on each NO_x source proposed to be mitigated (5.2.8):

The total project cost is Three Hundred Nine Thousand, Fifty-Four dollars and Seventy cents (\$309,054.70). Trust funding will provide the requested Seventy-Seven Thousand, Two Hundred and Twenty-One dollars (\$77,221), approximately 25% of the final total project cost for the purchase and installation of the charging equipment. The remaining Two Hundred Thirty-One Thousand, Eight Hundred Thirty-Three dollars and Seventy cents (\$231,833.70) constitute Francis Energy's cost share.

Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9):

On February 27, 2018, NMED sent notice to the U.S. Department of the Interior and the U.S. Department of Agriculture using the contact information provided in subparagraph 4.2.8.

If applicable, describe how the mitigation action will mitigate the impacts of NO_x emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):

Trust funds have afforded the State the opportunity to advance environmental justice goals. New Mexico's Draft Mitigation Plan expresses a commitment to prioritizing projects that benefit those communities most impacted by poor air quality. Minorities and those living below the poverty level historically have borne a disproportionate share of air pollution, including air pollution emissions associated with on-road vehicles. The service area for this project is within the City of Carrizozo, Lincoln County. The completion of this project is an essential step towards reducing regional air pollution levels, improving human health and addressing environmental inequality.

ATTACHMENTS

(CHECK BOX IF ATTACHED)

- Attachment A Funding Request and Direction.
- Attachment B Eligible Mitigation Action Management Plan Including Detailed Budget and Implementation and Expenditures Timeline (5.2.4).
- Attachment C Detailed Plan for Reporting on Eligible Mitigation Action Implementation
- Attachment D Detailed cost estimates from selected or potential vendors for each proposed expenditure exceeding \$25,000 (5.26).
- Attachment E DERA Option (5.2.12). [Attach only if using DERA option.]
- Attachment F Attachment specifying amount of requested funding to be debited against each beneficiary's allocation (5.2.13).

CERTIFICATIONS

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of Beneficiary the State of New Mexico, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make payments described in this application and Attachment A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

ATTACHMENT C
DETAILED PLAN FOR REPORTING ON ELIGIBLE MITIGATION
ACTION IMPLEMENTATION

The New Mexico Environment Department (NMED), as the lead agency for the State of New Mexico for implementing the Volkswagen Environmental Mitigation Settlement Plan, has established a webpage for the Settlement and mitigations actions, www.env.nm.gov/vw-settlement/. NMED will post documents and links as required under Paragraph 7 of Appendix D-3 Certification for Beneficiary Status form. The NMED is subject to the *Open Meetings Act*, which provides the statutory guidelines for conducting public meetings and the *Inspection of Public Records Act*, which is a New Mexico state law that provides the public and media access to public information.

For the initial round of funding, NMED solicited, through a competitive process, public and private entities for funding opportunities. Projects were selected through a scored application using an identified scoring criterion. The records of selected projects will be posted and made available on the NMED VW Settlement webpage. The public website was created specifically to provide information related to the Trust, the VW Partial Consent Decrees, and accountability. The NMED will post timely updates on the following:

- General information on the Trust and Consent Decrees
- The State's final Beneficiary Plan
- All public records supporting funding requests the NMED submits to the Trust
- All public records supporting all expenditures of the Trust Fund
- NMED contact information

After the initial round of funding, NMED will periodically evaluate the implementation of the State's Beneficiary Mitigation Plan (BMP) and associated Eligible Mitigation Actions and will determine whether any revisions to the BMP and funding levels need to be reevaluated. If revisions to the BMP are warranted, NMED will seek public input on BMP revisions with a minimum of a 30-day public comment period.

In addition, the State will also comply with the reporting obligations listed in the Environmental Mitigation Trust Agreement for State Beneficiaries in Subparagraph 5.3.

RE: Reimbursement request Allsup's Carrizozo # EVNM-0031 under NM-VW-20-18 Project Agreement

Dear Mr. Butt:

Pursuant to Article 9 of the above-referenced agreement Francis Energy LLC (Francis) hereby submits its request for reimbursement for its allowable costs incurred in completing the work described in the project scope. Per Article 1 to the agreement NMED authorizes reimbursement of 25% but not to exceed \$77,221 to Francis. Francis has completed the project, and I have attached invoices and photos of proof of the project's completion. Francis is requesting reimbursement of \$77,221. Please advise if NMED requires any further documentation to support this request and we will arrange to provide the requested support.

Sincerely,

A handwritten signature in blue ink, appearing to read "David Jankowsky", with a long horizontal flourish extending to the right.

AGREEMENT FOR ELECTRIC SERVICE

AGREEMENT made, May 6, 2021 between OTERO COUNTY ELECTRIC COOPERATIVE, INC. (Hereinafter called the "Seller"), and Francis Energy, LLC (Hereinafter called the "Consumer"), a/an Corporation. (Corporation, partnership or individual) The Seller shall sell and deliver to the Consumer, and the Consumer shall purchase all of the electric power and energy up to 300 kilowatts which the Consumer may need at his premises located: (Complete Legal Land Description)

Tract 1 and Tract 2: Tracts of land being a part of the NE 1/4 of Section 2, Township 8 South, Range 10 East, NMPM Carrizozo, Lincoln County, New Mexico

1. SERVICE CHARACTERISTICS.

a. Service hereunder shall be alternating current, single phase, three wire, sixty cycles, 120/240 volts. b. The Consumer shall not use the electric power and energy furnished hereunder as an auxiliary or supplement to any other source of power, except as otherwise required by New Mexico and/or Federal Law, and shall not sell electric power and energy purchased hereunder.

2. PAYMENT.

a. The Consumer shall pay the Seller for service hereunder at the rates and upon the terms and conditions set forth in Schedule LP, attached to and made a part of this Agreement...Notwithstanding any provisions of the Schedule, and irrespective of Consumer's requirements for or use of electric power and energy, if applicable, the demand for billing purpose hereunder shall be not less than measured kilowatts, for any billing period. In any event the Consumer shall pay to the Seller not less than \$ 80.00 per month for service or for having service available hereunder. The minimum charge established shall be applicable to the service throughout the life of the facility to which the minimum charge applies.

b. The initial billing period shall start when Consumer begins using electric power and energy, or ten days after the Seller notifies the Consumer in writing that service is available hereunder, whichever shall occur first.

c. Payments shall be due and payable when bills are rendered and become delinquent twenty days thereafter. If consumer shall fail to make any such payment within ten days after such payment is due, the Seller may discontinue service to the Consumer upon mailed written notice giving fifteen days (excluding Sundays and holidays observed by the Seller) of its intention to do so. Such discontinuance of service for nonpayment shall not relieve the Consumer of any of its obligations under this Agreement.

CONTINUITY OF SERVICE.

The Seller shall use reasonable diligence to provide continuous service, but does not guarantee a constant supply of electric current, and shall not be liable to the Consumer for damages occasioned by interruptions through act of God, governmental authority, action of the elements, public enemy, accident, strikes, labor trouble, required maintenance work, inability to secure right-of-way, or any other cause beyond the reasonable control of Seller.

3. RIGHT OF ACCESS.

Duly authorized representatives of the Seller shall be permitted to enter the Consumer's premises at all reasonable times in order to carry out the provisions hereof.

4. TERM.

a. This Agreement shall become effective on the date first written above and shall remain in effect at least (5) five years following the start of the initial billing period and thereafter until terminated by either party giving to the other proper notice.

b. In the event the Consumer is delinquent in payments on his account or defaults under the (5) year minimum term specified above, the remaining portion of the contract shall become short term and due upon demand.

5. SUCCESSION AND APPROVAL.

This Agreement shall be binding upon and inure to the benefit of the successors, legal representatives and assigns of the respective parties hereto.

7. NON-REFUNDABLE CONTRIBUTION

Contribution in aid of construction. The Consumer shall deposit with the Seller the sum of \$ 17,737.06, a Contribution in Aid of Construction for the cost of making facilities available to the Consumer on or before commencement of construction of such facilities. Such a Contribution shall be Non-Refundable.

8. THERE IS NO UNDERSTANDING OR AGREEMENTS OUTSIDE OF THIS AGREEMENT EXCEPT:

a. This line extension is made in accordance with the requirements of Rule and Regulation No. 15.

Applicable Rate LP Customer Charge \$ 80.00 and Transformer Capacity 300 kVA = \$ 525.00 transformer minimum (if applicable).

b. Any misrepresentation by the Applicant as to the type and magnitude of facilities required to serve the Applicant shall be cause to void this contract and relieve the Seller of any obligation thereunder.

9. REGULATION.

This contract, including the tariff made a part thereof, shall at all times be subject to such changes or modifications as shall be ordered from time to time by any legally constituted regulatory body having jurisdiction to require such changes or modifications.

10. In the event the Consumer is delinquent in payments on his account under this contract and the account is turned over to an attorney or collection agency the Consumer will pay reasonable fees for the collection of the account.

11. This contract is subject to approval by the Board of Trustees before construction is begun and the Cooperative is not obligated by its contents until such approval.

12. Neither party shall be liable for any loss of earnings, revenues, indirect or consequential damages or injury which may occur to the other as a result of outages in delivery of services hereunder by reason of any cause whatsoever.

13. IN ORDER FOR THIS AGREEMENT TO BE EXERCISED ALL CONSUMER REQUIREMENTS MUST BE MET WITHIN 90 DAYS. FAILURE TO DO SO WILL NULLIFY THIS AGREEMENT. CONSUMER IS RESPONSIBLE FOR ALL EASEMENTS REQUIRED. POLE IN LINE, PRIMARY DIP, 1 SPAN UNDERGROUND SINGLE PHASE PRIMARY, 300 KVA TRANSFORMER AND CT METER TO CHARGING STATION. MEMBER IS RESPONSIBLE FOR ALL DITCHWORK, BEDDING AND BACK FILL TO OCEC SPECIFICATIONS. ONCE INSTALLED, THE CONSUMER SHALL OWN AND MAINTAIN THE CONDUIT SYSTEM. ALL FUTURE SERVICE CABLE REPAIRS AND/OR REPLACEMENTS SHALL BE SUBJECT TO, WHEN NECESSARY, REPAIR OF THE CONDUIT SYSTEM BY THE CONSUMER AT THE CONSUMER'S EXPENSE. ALL DITCH WORK MUST BE CORDINATED WITH THE OPERATIONS DEPARTMENT. TOTAL COST OF CONSTRUCTION IS \$20,908.93 LESS THE CONSTRUCTION CREDIT OF \$3,171.87 FOR A CONTRACT COST OF \$17,737.06.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement all as of the day and year first above written.
