

January 26, 2023

Michael Bochanski, JR Assistant Vice President Wilmington Trust, N.A., as Trustee

Submitted via Intralinks

Dear Mr. Bochanski:

The Arkansas Department of Energy and Environment (E&E), hereby submits its semi-annual report for the period between July 1, 2022 and December 31, 2022 in accordance with the requirements of Paragraph 5.3 of the Environmental Mitigation Trust Agreement for State Beneficiaries.

We have attached a comprehensive Excel workbook report detailing our activities for each program.

I attest that I have the authority to submit this report on behalf of E&E, that the information contained in the report is true and correct to the best of my knowledge, and that this submission is made under penalty of perjury.

Sincerely,

David Witherow, P.E.

Associate Director, Office of Air Quality

Question	Answer		
What actual accomplishments occurred during the reporting period?	47 applications were approved for rebates.		
Were funds awarded for any projects under the Eligible Mitigation Action Plan during the current reporting period? If so, list the recipients and how much funding they received.	Yes - see attached sheet titled Approved Rebates		
Provide a comparison of actual accomplishments with the anticipated outputs/outcomes and timelines/milestones specified in the Eligible Mitigation Action Management Plan.	None to report during this period.		
If anticipated outputs/outcomes and/or timelines/milestones are not met, why not? Did you encounter any problems during the reporting period which may interfere with meeting the project objectives?	Anticipated outputs/outcomes were met.		
How do you propose to remedy any problems? Identify how and the date you will get back on course to meet the anticipated outputs/outcomes and/or timelines/milestones specified in the Eligible Mitigation Action Management Plan.	No problems encountered during this reporting period.		
If any cost-shares are reported for this Reporting Period in Table 1 above, identify the source of the funds.	None reported		
Did any public relations events regarding this grant take place during the reporting period?	Presentation at Women in Transportation Winter Meeting; 11/14/22 Presentation to Arkansas Advanced Energy Association Meeting; 12/5/22		
What is the URL for the state website where members of the public can find information about implementation of this Eligible Mitigation Action?	https://www.adeq.state.ar.us/air/planning/vw.aspx

Table 2. Narrative Responses			
Question	Answer		
	Rock Region Metropolitan Transit Authority and Fort Smith School Distrct successfully		
What actual accomplishments occurred during the reporting period?	completed projects under the Clean Fuels Program.		

Were funds awarded for any projects under the Eligible Mitigation Action Plan during the current reporting period? If so, list the recipients and how much funding they received.	DEQ processed reimbursement requests for Rock Region Metropolitan Transit Authority and Fort Smith School District for \$400,000 and \$200,000 respectively.
Provide a comparison of actual accomplishments with the anticipated outputs/outcomes and timelines/milestones specified in the Eligible Mitigation Action Management Plan (EMAM).	DEQ anticipated progress or completion of Jacksonville North Pulaski School District's (JSPSD) Clean Fuels Year 2 project and Year 3 recommended projects. JNPSD has yet to receive replacement vehicles, and the anticipated date of arrival is unclear. Concerning Year 3 projects, Lazer Spot, Inc. withdrew their project due to the original site recommended in their project proposal no longer being a viable location for equipment replacement. City of Fort Smith still anticipates completing their project in 2023; however, the approximate receival date of new equipment continues to be pushed back with a new anticipated arrival of one truck delivered in Q2, one in Q3, and one in Q4.
If anticipated outputs/outcomes and/or timelines/milestones are not met, why not? Did you encounter any problems during the reporting period which may interfere with meeting the project objectives?	The supply chain continues to present issues with part availability and assembly of equipment.
How do you propose to remedy any problems? Identify how and the date you will get back on course to meet the anticipated outputs/outcomes and/or timelines/milestones specified in the Eligible Mitigation Action Management Plan.	DEQ is unaware of any solutions at its disposal in order to accelerate replacement. DEQ anticipates that JNPSD and City of Fort Smith will continue contact with the manufacturer to ensure completion of the project.
If any cost-shares are reported for this Reporting Period in Table 1 above, identify the source of the funds.	N/A
Did any public relations events regarding this grant take place during the reporting period?	No public relations events were held during the reporting period.

Table 2	2. Narrative Responses
Question	Answer
What actual accomplishments occurred during the reporting period?	ARDOT completed their project and submitted documetation for reimbursment on 8/4/2022
Were funds awarded for any projects under the Eligible Mitigation Action Plan during the current reporting period? If so, list the recipients and how much funding they received.	ARDOT requested at total of \$1,109,790 for the replacement of 7 pieces of diesel powerd equipment.
Provide a comparison of actual accomplishments with the anticipated outputs/outcomes and timelines/milestones specified in the Eligible Mitigation Action Management Plan.	ARDOT struggled with meeting deadlines due to the on going supply chain issues however they were able to finalize their project as required by the Trust Agreement
If anticipated outputs/outcomes and/or timelines/milestones are not met, why not? Did you encounter any problems during the reporting period which may interfere with meeting the project objectives?	Due to ongoing supply chain issues, DEQ timelines were relaxed to ensure project were able to be completed.
How do you propose to remedy any problems? Identify how and the date you will get back on course to meet the anticipated outputs/outcomes and/or timelines/milestones specified in the Eligible Mitigation Action Management Plan.	Project is complete
If any cost-shares are reported for this Reporting Period in Table 1 above, identify the source of the funds.	No cost shares were reported for this reporting period
Did any public relations events regarding this grant take place during the reporting period?	No public relation events took place during this reporting period.

Table	2. Narrative Responses
Question	Answer
What actual accomplishments occurred during the reporting period?	Projects were selected for recommendation, and Memorandums of Agreement (MOAs) and all supplemental attachments were provided to applicants to be signed. Signed MOAs were returned to DEQ prior to the end of the reporting period for signature by DEQ's Chief Administrator, Environment.
Were funds awarded for any projects under the Eligible Mitigation Action Plan during the current reporting period? If so, list the recipients and how much funding they received.	No funds were awarded under the ABC program during the reporting period.
Provide a comparison of actual accomplishments with the anticipated outputs/outcomes and timelines/milestones specified in the Eligible Mitigation Action Management Plan.	Anticipated outcomes were achieved for the reporting period. The program was opened for applications. Although the first application period was not successful, the program was reopened, and four eligible projects were recommended for award.
If anticipated outputs/outcomes and/or timelines/milestones are not met, why not? Did you encounter any problems during the reporting period which may interfere with meeting the project objectives?	N/A
How do you propose to remedy any problems? Identify how and the date you will get back on course to meet the anticipated outputs/outcomes and/or timelines/milestones specified in the Eligible Mitigation Action Management Plan.	N/A

FY22 Diesel Emissions Reduction Act (DERA) State Grant Program

Reporting Template

Office of Transportation and Air Quality
Diesel Emissions Reduction Act
September 2022

U. S. Environmental Protection Agency

DERA (Diesel Emissions Reduction Act) State Grant Program

Project Quarterly AND Final Reporting Template

Instructions

Per grant agreement terms and conditions, this reporting template should be submitted 1) quarterly throughout the project period of performance and 2) a Final Report (120-days after) the completion of the grant period. Information that is submitted on quarterly reports should NOT be changed in future quarterly report submissions unless approved by EPA. Please only update information for the specific quarter in which this report is being submitted. The grant recipient only needs to fill out shaded cells highlighted blue with a diagonal pattern (///). Cells highlighted orange are simply for informative purposes and/or automated from other tabs in this spreadsheet. Please complete tabs in this workbook according to the instructions below.

Excel Workbook Tab	<u>Definition</u>
1. Instructions	Basic instructions for all worksheets in this reporting workbook.
2. Financial Summary	Financial summary for the entire grant period of performance. Please only complete shaded cells highlighted blue with a diagonal pattern (///) that contain grantee and original project budget information. Other cells on this worksheet will automatically feed from information in tabs 3-7 (Year 1-Year 5). If a modification to the grant is approved, please update the financial tabs accordingly.
3. Year 1	Financial summary for the first year of the project period. For each quarterly report, please complete all financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each quarter the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
4. Year 2	Financial summary for the second year of the project period if grant period of performance is longer than one year. For each quarterly report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each quarter the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
5. Year 3	Financial summary for the third year of the project period if grant period of performance is longer than two years. For each quarterly report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each quarter the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
6. Year 4 (Tab Hidden)	Financial summary for the fourth year of the project period, if needed. If project period of performance lasts more than three years, please unhide this tab by right clicking on '1. Instructions', select 'Unhide', and click 'Year 4'. For each quarterly report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each quarter the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
7. Year 5 (Tab Hidden)	Financial summary for the fifth year of the project period, if needed. If project period of performance lasts more than four years, please unhide this tab by right clicking on '1. Instructions', select 'Unhide', and click 'Year 5'. For each quarterly report, please complete all shaded financial and narrative descriptive cells highlighted blue with a diagonal pattern (///) for each quarter the report is submitted. Other cells in this worksheet are informative or may be automated from subsequent tabs. Below the financial information, please ensure to complete the programmatic questions regarding the grant.
8. Fleet Description	The tab should be completed based upon the final workplan fleet sheet submitted and approved by EPA. The Fleet Description should be updated quarterly with any revisions to vehicle and engine information. Please refer to additional information on field definitions in tab 11 (Data Definitions).
9. Final Report	Final project details including actual emission and programmatic results. Please only complete shaded cells highlighted blue with a diagonal pattern (///). Emissions results should be copy and pasted from DEQ results.
10. Data Dictionary	Please refer to the dictionary on this tab for support in completing the Fleet Description (tab 8).

Table 4. Project Updates - Narrative Responses Record and update project updates quarterly.

Please paste the planned activities, outputs, and outcome from the submitted workplan information. Provide updates and if any changes occurred, please provide that information accordingly. In the 'Progress to Date' column, please use the dropdown to indicate if the activity is 1) Not yet started, 2) In progress, or 3) Completed. Please indicate the fiscal year of DERA grant funds used for the activity described within the table.

Fiscal Year	Activities	Anticipated Outputs	Anticipated Outcomes	Progress to D	ate			Progress Notes
				Q1	Q2	Q3	Q4	Write below, as appropriate.
2022	Fall/Winter 2021: DEQ publicizes applicant guidance and application deadlines through news releases, the DEQ website, and the Go RED! email list.	Applicant guidance made public by Dec. 1st 2021	First applications start coming in by Dec. 31 2021	Completed	Completed	Completed	Completed	
2022	January 2022: Quarterly report due to EPA	1st quarterly report prepared, reviewed and approved before Jan. deadline	Quarterly report submitted to EPA	Completed	Completed	Completed	Completed	
2022	December 2021 - April 30, 2022: DEQ evaluates proposals from Go RED! applicants, selects projects, and enters into MOAs for selected projects.	Proposal reviewed within a week after each of the rolling deadline	MOA completed and signed by Applicants and DEQ	In Progress	Completed	Completed	Completed	
2022	April 2022: Quarterly report due to EPA	2nd quarterly report prepared, reviewed and approved before April. deadline	Quarterly report submitted to EPA	Completed	Completed	Completed	Completed	
2022	Spring/Summer 2022: DEQ will coordinate with Go RED! selected recipients to ensure successful completion of their projects by August 31, 2023	Continued coordination with Program participants through out the project process	Projects completed by August 31st	Not Yet Started	In Progress	In Progress	In Progress	Due to supply chain constraint no applicants were able to complete their projects by Augu 31, 2022.
2022	July 2022: Quarterly report due to EPA	3rd quarterly report prepared, reviewed and approved before July. deadline	Quarterly report submitted to EPA	Not Yet Started	Not Yet Started	In Progress	Completed	
2022	August 2022: Projects completed by Go RED! recipients	Projects completed by August 31st	Projects completed by August 31st	Not Yet Started	Not Yet Started	Not Yet Started	In Progress	
2022	September 2022: Project partners reimbursed upon demonstration that MOA terms have been met	Program participants submit reimbursement requests	Program participants receive reimbursements	Not Yet Started	Not Yet Started	Not Yet Started	In Progress	Due to supply chain constraints no applicants were able to complete their projects by Augu

Please provide programmatic and narrative financial updates on the project. As quarterly reports are submitted, indicate updates or changes for each quarter. For each quarter, please indicate if there was a change from the previous quarter. If yes, please provide an explanation in the subsequent cell.

provide an explanation in the subsequent cell.	I	T	T	I
Question	Quarter 1 Update	Quarter 2 Update	Quarter 3 Update	Quarter 4 Update
Provide a comparison of accomplishments with the anticipated outputs/outcomes and timelines /milestones specified in the project Work Plan. Please include financial, technical, and programmatic.	DEQ provided a news release on November 30, 2021, announcing funding for the Fall 2021 application period of December 1, 2021, through April 30, 2022, and provided an application guidance for applicants concerning eligibility, deadlines, and other pertinent information. DEQ specified that applications would be received for rolling deadlines ending at the end of each month or until all funds were expended. DEQ anticipated opening the application period on December 1, 2021, and achieved this goal. One (1) application was initially submitted in December 2021 via the specified online form.	Two Rivers School District.Proposed project applications were reviewed and scored. All applicants with complete applications were recommended for award. Memorandums of Agreement (MOAs) were drafted and finalized, then sent out to recommended project applicants for signature, which DEQ	All recommended projects, submitted by Clinton School District, Mountainburg School District, Ozark Public Schools, Shirley School District, and Two Rivers School District, have been authorized to begin. DEQ has authorized all recommended projects to begin. DEQ is currently on track to meet expected outcomes and timelines.	DEQ anticipated that all projects recommended from the December 1, 2021, through April 30, 2022, application period would be completed by September 5, 2022. However, due to supply and demand, there has been a significant delay in project completion. Projects that are still underway anticipate completion in the next quarter.
Have any vehicles in this project changed from the last quarter? (i.e. vehicles added to the Fleet Description or taken off the Fleet Description)	No Changes	No Changes	No Changes	no changes
Did you award any rebates or subawards during the reporting period? If so, list the recipients and how much funding they received.	No reimbursements were issued during this reporting period.	No reimbursements were issued during this reporting period.	No reimbursements were issued during this reporting period.	No funds were disbursed during Q4. However, Clinton School District requested reimbursement for \$50,000 in Q4 of year 1 and was reimbursed in Q1 of year 2. This reimbursement will be reflected in the next quarterly report.

If anticipated outputs/outcomes and/or timelines/milestones are not met, why not? Did you encounter any problems during the reporting period which may interfere with meeting project objectives?	7.7	Review and signature of MOAs took longer than anticipated. Additionally, DEQ was notified by Clinton School District concerning bus supply chain issues, as vendors indicated that they could not meet or could not ensure that projects would be complete by the deadline.	Applicants have communicated concerns that bus supply will impact their ability to complete their project by the initial deadline. However, the potential delay is not impacting early milestones applicable to this reporting period.	Project managers communicated concerns that bus supply will impact their ability to complete their project by the initial deadline. Project managers have continued communications and effort after the anticipated deadline to fulfill project goals as soon as possible.
If any cost-share or additional leveraged funds are reported for this Reporting Period in Table 3 above, identify the source of the funds.	No cost share have been received during this reporting period.	No cost share have been received during this reporting period.	No cost share have been received during this reporting period.	No cost share for this reporting period
Have there been any major personnel changes during this reporting period?	No Personnel changes	No Personnel changes	No Personnel changes	During the reporting period, we added a new member to our team, Katrina Jones, Policy Development Coordinator, that will be the primary contact for Go RED! in the 2022/2023 application period.
Did any public relations events regarding this grant take place during the reporting period?	1 (News release November 30, 2021)	DEQ sent out an email on February 28, 2022 to 138 organizations that may operate or work with parties who operate eligible equipment to inform them that there was still funding available for additional projects.	No public relations events were held regarding this grant during the reporting period.	No, no public relations events were held during this reporting period.
Are you using websites or other tools used to relay information about this grant to the public?	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/.	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/.	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/.	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/go red/.
What project activities are planned for the next reporting period?	quarters 1-3 were reported on old template	DEQ will continue to work with applicants to answer questions and clarify program requirements.	DEQ will continue to provide support to potential and current applicants by by answering questions and clarifying program requirements.	We anticipate giving a news release for the 2022 application period, opening the application form, and providing support to potential applicants.
Was any program income generated during the reporting period? Identify amount of program income, how it was generated, and how the program income was/will be used.	No program income was generated during this reporting period.	No program income was generated during this reporting period.	No program income was generated during this reporting period.	No program income was generated during this reporting period
What is the URL for the state website listing the total number and dollar amount of subawards, rebates, or loans provided, as well as a breakdown of the technologies funded? Please also list any other state websites used for outreach related to the State DERA Grant Program.	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/.	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/. Please provide programmatic and narrative financial updates on the project. As quarterly reports are submitted, indicate updates or changes for each quarter. For each quarter, please indicate if there was a change from the previous quarter. If yes, please provide an explanation in the subsequent cell.

Question

Quarter 1 Update

Quarter 2 Update

Quarter 2 Update

Quarter 3 Update

Provide a comparison of accomplishments with the anticipated outputs/outcomes and timelines /milestones specified in the project Work Plan. Please include financial, technical, and programmatic.	DEQ anticipated the completion of all 2021/2022 projects awarded. However, only Clinton School District and Two Rivers School District completed their projects. Mountainburg School District, Ozark Public Schools, and Shirley School District are continuing to work on their projects. For the 2022/2023 grant year, DEQ provided a news release, Twitter post, and Facebook post on November 28, 2022, announcing funding for the Fall 2022 application period of December 1, 2022, through April 30, 2023, and provided an application guidance for applicants concerning eligibility, deadlines, and other pertinent information. DEQ specified that applications would be received for rolling deadlines ending at the end of each month or until all funds were expended. Over 700 emails were sent out, on the last week of November 2022, with a flyer proving information about Go RED! and directing them to the DEQ Go RED! website. DEQ anticipated opening the application period on December 1, 2022, and achieved this goal. Three (3) applications were initially submitted in December 2022 via the specified online form.		
Have any vehicles in this project changed from the last quarter? (i.e. vehicles added to the Fleet Description or taken off the Fleet Description)	No Changes		
reporting period? If so, list the recipients and how	DEQ processed remibursement requests for Clinton School District and Two Rivers School District for for \$50,000 and \$26,623.35 respectively.		
	DEQ met its goals concerning funding availability and application start date. Due to supply chain constraints, applicants were expecting delays already.		
If any cost-share or additional leveraged funds are reported for this Reporting Period in Table 3 above, identify the source of the funds.	Total cost share for this reporting period is \$231,870.05 and were paid by our two program paticipants: Clinton School District and Two Rivers School district; who have completed their projects.		
Have there been any major personnel changes during this reporting period?	Katrina Jones is the primary contact for Go RED! in the 2022/2023 application period. Mikayla Shaddon remains the Go RED! contact for the 2021/2022 projects in progress.		
Did any public relations events regarding this grant take place during the reporting period?	DEQ sent out emails on the last week of November 2022 to over 700 organizations that may operate or work with parties who operate eligible equipment to inform them about Go RED!.		

Are you using websites or other tools used to relay information about this grant to the public?	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/. DEQ provied a new release, a post on DEQ Twitter, and a post on DEQ Facebook page. These posts gave information about Go RED! and directed people to the DEQ Go RED! website and application guide.	
what project activities are planned for the next reporting period?	DEQ will continue to provide support to potential and current applicants by by answering questions and clarifying program requirements.	
Was any program income generated during the reporting period? Identify amount of program income, how it was generated, and how the program income was/will be used.	No program income was generated during this reporting period	

of the technologies funded? Please also list any	Information and the a link to the applicant guide have been posted on DEQ's website at https://www.adeq.state.ar.us/air/planning/gored/.		
II JO VOII nave any other comments or teednack /	Due to supply chain constraints, applicants were expecting delays, thus an extension was requested from EPA.		

Subaward Reporting Requirements

Please provide subaward updates on the project. As quarterly reports are submitted, indicate updates or changes for each quarter. For each quarter, please indicate if there was a change from the previous quarter. If yes, please provide an explanation in the subsequent cell.

U. S. Environmental Protection Agency DERA State Grant Report Fleet Description

Grant Recipient	Arkansas E&E
Program FY(s)	Please include the fiscal year(s) covered in this fleet description.
Grant Number	02F01001
Project Title	Go RED

Number of Fleets Total # of All Vehicles	

INSTRUCTIONS: This Fleet Description should detail all vehicles and engines impacted under the project. The fields below align with EPA's Diesel Emission Quantifier (DEQ), a requirement for the application, workplan, and final reports as part of program grant requirements. The Fleet Description should be updated quarterly with all vehicle and engine upgrades completed. This Fleet Description is broken into two sections: 1) Current Vehicle and Engine Information and 2) New Vehicle and Engine Upgrade Information. All rows of data are required, unless specified as not being applicable to the Equipment Type or Target Fleet. These exceptions are are highlighted in parentheses in the table below. Please refer to the Fleet Description data definitions on tab 11 (Data Dictionary) for additional guidance on each field.

Each vehicle/engine group column below can represent one or more similar pieces of equipment operating in the same fleet. You can copy and paste additional columns as needed to capture all vehicle/engine groups. Please indicate in the FInanical Information row the fiscal year of funds used for the activity descriped within the table.

Note: Individual marine vessels must be listed in separate vehicle/engine group columns. If both auxiliary and propulsion engines on an individual vessel are part of a project, these different engine types must be listed in separate vehicle/engine group columns.

Please provide programmatic and narrative financial results on the projection			
Question	Answer		
Provide a narrative description of the project and summarize the accomplishments that occurred during the grant period.			
Did you award any rebates or subawards during the grant period? If so, list the recipients, how much funding they received, and the good/services provided.			
Provide a comparison of actual accomplishments with the anticipated outputs/outcomes and timelines/milestones specified in the original project Work Plan. This information may include:			
□ Number of replaced or retrofitted engines/vehicles/equipment and/or hours of idling reduced; □ Adoption of an idle-reduction policy or changes in driver behavior regarding idling practices □ Dissemination of the project information and increased knowledge via list serves, websites, journals, and press/outreach events (provide web links where applicable); □ Widespread adoption of the implemented technology; □ Increased public awareness of project and results □ Other			
If anticipated outputs/outcomes and/or timelines/milestones from the original submitted proposal were not met, why not? Did you encounter any problems during the grant period which may have precluded you from meeting the project objectives?			
How did you remedy any problems? Detail how and the date you had to address any problems that changed the original work plan and/or work plan chedule.			
Provide a narrative discussion of the successes and lessons learned for the entire project.

What is the URL for the state website listing the total number and dollar amount of subawards, rebates, or loans provided, as well as a breakdown of the technologies funded? Please also list any other state websites used for outreach related to the State DERA Grant Program.	
Do you have any other comments or feedback?	

Subaward Reporting Requirements Please provide subaward information on the project and an explanation in each cell below.		
Summaries of results of reviews of financial and programmatic reports.		
Summaries of findings from site visits and/or desk reviews to ensure effective subrecipient performance.		
Environmental results the subrecipient achieved		
Summaries of audit findings and related pass-through entity management decisions		
Actions the pass-through entity has taken to correct deficiencies such as those specified at 2 CFR 200.332, 2 CFR 200.208 and the 2 CFR 200.339 Remedies for Noncompliance		

	CURRENT VEHICLE AND ENGINE UPGRADE INFORMATION	
Basic Fleet Information		
Group Name	Enter the group name of the fleet.	
Fleet Owner	Enter the first and last name of the individual or organization that owns the fleet.	
Publicly or Privately Owned?	vehicles that serve a port; private construction equipment contracted to a public works project, etc) enter "Publicly", otherwise enter "Privately".	
Place of Performance	Enter the next four fields for each vehicle's place(s) of performance.	
- State(s):	Enter the two letter postal code for the state in which the vehicle(s) will operate.	
- County(s):	Enter the county in which the vehicle(s) will operate.	
- City(s):	Enter the city in which the vehicle(s) will operate.	
- Zip Code(s):	Enter the zip code which the vehicle(s) will operate.	
- % of Time operated in each Zip Code (Total to Equal 100%)	Enter the percent of time the vehicle group operates in each zip code, if there is more than one. For example, 80% of time in 85310 and 20% of time in 85308.	
Equipment Type	Enter the vehicle type from the dropdown, OnRoad Vehicle, NonRoad Equipment, Locomotive, or Marine.	
Carget Fleet	Select the target fleet from the dropdown menu.	
Class	Select from the dropdown menu the Vehicle/Equipment Class for onroad vehicles, as appropriate.	
Vehicle or Engine Group Sector:	Using the drop down, enter the sector associated with the vehicle or engine group.	
Vocation	Select the vocation type from the dropdown menu.	
Quantity	Enter the number of vehicles defined in the group.	
	Current Vehicle Information	
Vehicle Identification Number(s):	Enter the Serial number or VIN number for each engine or vehicle	
Vehicle Make	Enter the manufacturer of the exisiting vehicle	
/ehicle Model	Enter the model of the exisiting vehicle	
Baseline Vehicle Model Year:	Enter the model year of the existing vehicle.	
	Current Engine Information	
Engine Serial Number(s):	Enter the engine Serial # for each vehicle or engine to be scrapped/replaced.	
Engine Make:	Enter the manufacturer of the exisiting Engine.	
Engine Model:	Enter the model of the exisiting Engine.	
Engine Model Year:	Enter the model year of this engine set.	
Engine Tier (nonroad, locomotive, and marine only):	For REPOWERS AND UPGRADES ONLY, Select from the dropdown menu the Current Tier Level.	
Cier 4 Standards (Tier 4 only):	For tier 4 only engines, please use the drop down to indicate interim for final.	
Engine After-Treatment Technology	Enter the appropriate drop down for collection on emission control technologies for the current engine.	
Engine Horsepower:	Enter the average horsepower of the engine/equipment.	
Engine Cylinder Displacement (liters/cylinder; marine only):	Enter the engine displacement per cylinder in liters.	
Engine Number of Cylinders (# of cylinders per engine):	Enter the number of cylinders per engine.	
Engine Total Displacement (liters per engine; marine only)	Enter the engine displacement per cylinder in liters.	
Engine Family Name (if unregulated, then NA):	Enter the Engine Family name of the existing Engine. NOTE: unregulated engines will not have an Engine Family Name. Engine Optional for Idle Reduction, Aerodynamic Technology, Low Rolling Resistance Tires, and Fuels projects.	
Baseline Engine Fuel Type:	Select the type of fuel that is currently being used (prior to any clean diesel activity change).	
Cotal # of Propulsion Engines (per vessel; marine only):	Enter the total number of propulsion engines on the vessel.	
Total # of Auxiliary Engines (per vessel; marine only):	Enter the total number of auxiliary engines on the vessel.	
	Current Annual Vehicle Data	

Annual Usage Hours (hours per year per engine; includes idling hours;	Enter the everege number of hours the equipment is used per veer
nonroad, locomotive, and marine only)	Enter the average number of hours the equipment is used per year.
Annual Miles Traveled (miles per vehicle; on-highway only):	Enter the average number of vehicle miles traveled per year per vehicle.
Annual Idling Hours (hours per engine; on-highway only):	Enter the average number of hours the vehicle idles per year.
Annual Hoteling Hours (hours per year per engine; class 8 long-haul combination only):	Enter the average number of hoteling hours per year, per engine.
Remaining Life of Baseline Engine/Vehicle (years per engine; total # of years of engine life remaining at time of upgrade action):	Enter the remaining life of baseline engine/vehicle in years at the time of the upgrade action
NEW VEHICLE AND ENGINE UPGRADE INFORMATION	
Upgrade Information	
Year of Upgrade Action:	Enter the year in which the upgrade will take place (i.e., if in 2010, you're replacing a 1995 bus with a 2007 bus, the upgrade year is 2010.)
Upgrade Type:	Enter the type of upgrade that will take place from the dropdown menu.
Upgrade Specific:	Using the drop down, enter the specific type of upgrade that will take place during the project.
Class (onroad vehicles):	Using the drop down list provided, select the appropriate vehicle class (for onroad vehicles only).
VIN for New Vehicle(s):	Please enter the vehicle identification numbers for the new vehicle(s) being replaced.
Total Cost per Unit (equipment cost plus labor):	Automated cell that will sum the upgrade equipment cost (row 55) and labor cost (row 56).
Upgrade Equipment Cost only per unit:	Enter the cost of the technology or equipment cost per unit.
Upgrade Labor Cost only per unit:	Enter the cost of installing or labor cost of the technology per unit.
Total Federal Funds Expended per Unit (\$ Total Cost per Unit):	Enter the federal funds expended in dollars per unit.
Federal Cost Share Expended per Unit (% Total Cost per Unit):	Automated cell that will calculate the federal cost share based upon the federal funds expended entered in row 57.
New Engine Information	
New Engine Model Year:	For REPLACEMENTS AND REPOWERS ONLY, Enter the model year of the new vehicle/engine.
New Engine Tier (nonroad, locomotive, and marine only):	For REPLACEMENTS, REPOWERS AND UPGRADES ONLY, Select from the dropdown menu the new Tier Level.
Tier 4 Standards (Tier 4 only):	For tier 4 only engines, please use the drop down to indicate interim for final.
New Engine After-Treatment Technology (Tier 4 nonroad only):	Enter the appropriate drop down for collection on emission control technologies for the new engine.
New Engine Horsepower:	Enter the new horsepower of the engine or equipment.
New Engine Duty Cycle (line-haul locomotive only):	Please enter the new engine duty cycle - for line-haul locomotive ONLY.
New Engine Cylinder Displacement (liters per cylinder per engine;	Enter the new engine displacement per cylinder in liters.
New Engine Total Displacement (liters per engine; marine only)	Select from the dropdown menu the displacement per cylinder in liters.
New Engine Number of Cylinders (per engine; marine only):	Enter the number of cyclinders in the new engine.
New Engine Family Name:	For REPLACEMENTS AND REPOWERS ONLY, Enter the Engine Family Name of the new engine.
New Engine Fuel Type:	Select the type of fuel that is for the new engine or vehicle.
New Annual Vehicle Data	
Annual Idling Hours Reduced (hours per vehicle; on-highway only):	For IDLE REDUCTION STRATEGIES ONLY, Enter the average number of idling hours reduced for the engine.
Annual Hoteling Hours Reduced (hours per vehicle; class 8 long-haul combination only):	Enter the average number of hoteling hours per year, per engine.
New Annual Fuel Volume (estimated gallons/year per engine):	Please enter the new annual fuel volume, in gallons. New Annual Fuel Volume should be from new engine efficiency, not changes in use.
