Utah's VW Settlement Budget		
<b>State of Utah's VW Settlement:</b>	\$35,177,506	
<b>Cost error related to Trustee fee:</b>	\$492,485	The UDEQ misunderstood the Trustee's administrative costs allocation and had been reducing this amount from the State's settlement when calculating budgets for the different Eligible Mitigation Action Funding Requests. After receiving clarification from Russell Crane of Wilmington Trust in an email dated May 12, 2021, stating "...there is no requirement for States to reserve funds to allocate to paying for the Trustee's administrative costs--this amount has already been 'baked in' to the Trust Agreement..." UDEQ will reference the correct available Trust funds in seeking future funding requests.
<b>Previously understood State of Utah VW settlement that the current funding requests are based on:</b>	\$34,685,021

Kamas City	Awarded \$41,227 to purchase and install one dual-port Level 2 EVSE at the City Office. Project has started and is in process. Project funded at 100 percent.	Kamas is currently designing the project as part of the reconstruction of its City Hall parking lot and park improvements. Due to COVID-19 they are experiencing delays, which has pushed back the starting and completion of the project. Their agreement and date was extended to July 31, 2024, however they are experiencing further supply issues and have asked for another extension to February 17, 2025.	Kamas has experienced additional delays and is planning to complete the project during January 2025.	N/A	February 17, 2025	0.014	0.14			
Kaysville City	Awarded \$69,988 to purchase and install nine dual-port (seven public and two workplace) Level 2 EVSEs at: City Hall, 100 E. 200 N. Kaysville, UT, 300 N. Flint St.; and the Kaysville Operations Center. The seven public charging stations are funded at 100 percent. The two workplace chargers are funded at 60 percent. Project is complete.	Final project includes the purchase of nine dual-port Level 2 EVSE units. Seven of the nine EVSE units are available to the public, and the other two EVSE units will be used by the city fleet vehicles and not available for public use. Kaysville City completed the installation of the units themselves instead of using a vendor.	The EVSEs were installed and activated throughout the summer and fall of 2020. The following are the activation dates for the following sites: Heritage Park, June 7, 2020; Barnes Park, June 8, 2020; Operations Center, September 22, 2020; and City Hall, October 19, 2020. Provo City	Awarded \$752,500 to purchase and install 20 dual-port Level 2 EVSEs, funded at 100 percent, at the following locations: Provo City Center; Recreation Center (Parks & Rec.); Academy Library; Public Works Complex; Provo Power Complex; Rock Canyon Park; North Park; Spring Creek Park; and Pioneer Park. The project has started and is in process. Provo City agreement amount was based off of its original bid, \$752,500; but the actual amount of the project is \$268,554, which is \$483,946 lower than the original bid. UDEQ is reducing the award amount to match the amount of the actual project to unobligate the excess funds and allow UDEQ to include them in the second round of awards.	Sixteen of the 20 EVSE units have been installed and activated. Provo City will have the four remaining units installed at the new City Hall, part of the Provo City Center project; however, there were delays with the design and approval of Provo City Center triggering delays with the installation and activation of the remaining four EVSE units. Provo City's agreement was amended to accommodate this issue extending the end date to December 31, 2024. Provo City has been reimbursed for the completed 16 units.	Installation and activation of the EVSE units at six of the seven locations are completed. Provo City has been reimbursed for the completed 16 units.	The EVSE units that were originally planned to be installed at North Park and Pioneer Park have been relocated to the Recreation Center. Provo City's agreement amount was based off of its original bid, \$752,500 but the actual amount of the project came in at \$268,554 which is \$483,946 lower.	December 31, 2024	0.17	1.7
