

APPENDIX D-4

Beneficiary Eligible Mitigation Action Certification

New Mexico General Services Department – Workers’ Compensation Office, Electric Vehicle Charging Station,-
Las Vegas, New Mexico

NM-VW-20-16

BENEFICIARY ELIGIBLE MITIGATION ACTION CERTIFICATION

Beneficiary State of New Mexico

Lead Agency Authorized to Act on Behalf of the Beneficiary New Mexico Environment Department

(Any authorized person with delegation of such authority to direct the Trustee delivered to the Trustee pursuant to a Delegation of Authority and Certificate of Incumbency)

Action Title:	NM GSD – Workers’ Compensation Office EV Charging Station-Las Vegas
Beneficiary’s Project ID:	NM-VW-20-16
Funding Request No.	<i>(sequential)</i> 058
Request Type: (select one or more)	<input checked="" type="checkbox"/> Reimbursement <input type="checkbox"/> Other (specify): Click or tap here to enter text.
Payment to be made to: (select one or more)	<input type="checkbox"/> Beneficiary <input checked="" type="checkbox"/> Other (specify): General Services Department
Funding Request & Direction (Attachment A)	<input checked="" type="checkbox"/> Attached to this Certification <input type="checkbox"/> To be Provided Separately

SUMMARY

Eligible Mitigation Action <input checked="" type="checkbox"/> Appendix D-2 item (specify): Eligible Mitigation Action 9. Light Duty Zero Emission Vehicle Supply Equipment
Action Type <input type="checkbox"/> Item 10 – DERA Option (5.2.12) (specify and attach DERA Proposal)
Explanation of how funding request fits into Beneficiary’s Mitigation Plan (5.2.1): The Beneficiary Mitigation Plan’s overarching goal is to protect New Mexico’s environment and the health of our citizens. The Trust allows the State the opportunity to offset (mitigate) the impact of excess nitrogen oxide (NO _x) emissions associated with the affected vehicles registered within New Mexico. The reduction of NO _x from mobile sources achieves the intended use of Trust funds by preventing the deterioration of air quality, ensuring the health and safety of the inhabitants of the State, and promoting visibility improvement within New Mexico. Implementation of diesel NO _x reduction projects using Trust funds will have immediate and long-lasting benefits. The proposed project will reduce emissions of NO _x , focusing on the most cost-effective vehicles that maximize emission reductions.
Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2): This project consists of one Level 3 express 250 DC Fast Charger vehicle charging station at the Workers’ Compensation Office in Las Vegas, which is a State-owned facility located at 3695 Hot Springs Blvd. Las Vegas was established in 1835, and the town is laid out in the traditional Spanish Colonial style, with a central plaza surrounded by buildings. This site is close to the plaza. Las Vegas is located 110 miles south of Raton, which is the first major town on the I-25 route from Denver (326 miles north) and Colorado Springs (257 miles north). It is also 65 miles east of Santa Fe, and 122 miles northeast of Albuquerque. Selection of this site fills a major gap along I-25 allowing logistical movements of electrified vehicles to travel into and through New Mexico. This installation will offer state employees and the general public access 24 hours a day; security; adequate lighting; access to shopping; restaurants, hotels, parks and other amenities within a 1.0-mile radius.
Estimate of Anticipated NO_x Reductions (5.2.3): N/A

Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1):

The New Mexico Environment Department Administrative Services Division is the governmental entity responsible for reviewing and auditing expenditures of EMA funds to ensure compliance.

Describe how the Beneficiary will make documentation publicly available (5.2.7.2):

The New Mexico Environment Department has created a public website, <https://www.env.nm.gov/vw-settlement/> for information relating to the Trust, the VW Partial Consent Trust Decrees, New Mexico's Beneficiary Mitigation Plan, and project implementation information. To provide transparency and accountability, the NMED will post information on its website.

Describe any cost share requirement to be placed on each NO_x source proposed to be mitigated (5.2.8):

The total project cost is One Hundred Forty-Two Thousand, One Hundred Forty-One dollars, and Sixty-Four cents (\$142,141.64). Trust funding will provide the requested Twenty-Two Thousand, Four hundred Twenty-Four dollars (\$22,424), approximately 16% of the final total project cost for the purchase and installation of the charging equipment. The remaining One Hundred Nineteen Thousand, Seven Hundred Seventeen dollars and Sixty-Four cents (\$119,717.64) constitute the General Services Department's cost share.

Describe how the Beneficiary complied with Subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9):

On February 27, 2018, NMED sent notice to the U.S. Department of the Interior and the U.S. Department of Agriculture using the contact information provided in Subparagraph 4.2.8.

If applicable, describe how the mitigation action will mitigate the impacts of NO_x emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):

Trust funds have afforded the State the opportunity to advance environmental justice goals. New Mexico's Draft Mitigation Plan expresses a commitment to prioritizing projects that benefit those communities most impacted by poor air quality. Minorities and those living below the poverty level historically have borne a disproportionate share of air pollution, including air pollution emissions associated with on-road vehicles.

In 2024, the town's population was estimated at 12,711. The population within a 5-mile radius of the charging site is 83% minority, 60% low-income, and 13% linguistically isolated.

CERTIFICATIONS

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of Beneficiary the State of New Mexico, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make payments described in this application and Attachment A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

[BENEFICIARY]

ATTACHMENT B
PROJECT MANAGEMENT PLAN
PROJECT SCHEDULE AND MILESTONES

Milestone	Date
Lead Agency Provides Notice of Availability of Mitigation Action Funds	7/15/2019
Pre-application meetings with applicants	7/15/2019 through 1/9/2020
Project Sponsor Submits Proposal to Lead Agency	1/9/2020
Lead Agency Provides Written Approval of Project Sponsor's Proposal	6/5/2020
Project agreements signed.	10/21/2020
Lead Agency Incorporates Project Sponsor's Proposal into Mitigation Plan	NA
Trustee Acknowledges Receipt of Project Certification and Funding Direction	Q4 2025
Trustee Allocates Share of State Funds for Approved Project	Q4 2025
Project Sponsor Obtains Cost Share, Notifies or Certifies to Lead Agency	Q4 2020
Project Sponsor Enters into Contracts, Purchase Orders, etc. – Start	Q4 2020
Project Sponsor Enters into Contracts, Purchase Orders, etc. – Complete	Q4 2025
Project Installations(s) – Start	11/21/2022
Project Installations(s) – Complete	6/17/2025
Project Sponsor provides detailed invoices for all claimed project costs, documentation for emission reduction estimates, required certification documents to Lead Agency to support direction to Trustee for Payment (Reimbursement, Direct-to-Vendor) or final accounting (Forward Funded Projects)	9/16/2025
Lead Agency completes review and certifies payment direction to Trustee (Reimbursement)	Q4 2025
Trustee Acknowledges Receipt of Direction for Payment(s) (Advance Funded, Reimbursement)	Q4 2025
Lead Agency Reports Project Completion	Q4 2025

PROJECT BUDGET

Period of Performance: 7.1.2020-6.30.2022				
Budget Category	Total Approved Budget	Share of Total Budget Funded by the Trust	Cost-Share, if applicable (Entity #1)	Cost-Share, if applicable (Entity #2)
1. Equipment Expenditure	\$142,141.64	\$22,424	\$119,717.64	\$0
2. Contractor Support	\$0	\$0	\$0	\$0
3. Subrecipient Support	\$0	\$0	\$0	\$0
4. Administrative ¹	\$0	\$0	\$0	\$0
Project Totals	\$142,141.64	\$22,424	\$119,717.64	\$0
Percentage	100%	16%	84%	0%

¹ Subject to Appendix D-2 15% administrative cap.

ATTACHMENT C
DETAILED PLAN FOR REPORTING ON ELIGIBLE MITIGATION
ACTION IMPLEMENTATION

The New Mexico Environment Department (NMED), as the lead agency for the State of New Mexico for implementing the Volkswagen Environmental Mitigation Settlement Plan, has established a webpage for the Settlement and mitigations actions, www.env.nm.gov/vw-settlement/. NMED will post documents and links as required under Paragraph 7 of Appendix D-3 Certification for Beneficiary Status form. NMED is subject to the *Open Meetings Act*, which provides the statutory guidelines for conducting public meetings and the *Inspection of Public Records Act*, which is a New Mexico state law that provides the public and media access to public information.

For the initial round of funding, NMED solicited, through a competitive process, public and private entities for funding opportunities. Projects were selected through a scored application using an identified scoring criterion. The records of selected projects will be posted and made available on the NMED VW Settlement webpage. The public website was created specifically to provide information related to the Trust, the VW Partial Consent Decrees, and accountability. The NMED will post timely updates on the following:

- General information on the Trust and Consent Decrees
- The State's final Beneficiary Plan
- All public records supporting funding requests the NMED submits to the Trust
- All public records supporting all expenditures of the Trust Fund
- NMED contact information

After the initial round of funding, NMED will periodically evaluate the implementation of the State's Beneficiary Mitigation Plan (BMP) and associated Eligible Mitigation Actions and will determine whether any revisions to the BMP and funding levels need to be reevaluated. If revisions to the BMP are warranted, NMED will seek public input on BMP revisions with a minimum of a 30-day public comment period.

In addition, the State will also comply with the reporting obligations listed in the Environmental Mitigation Trust Agreement for State Beneficiaries in Subparagraph 5.3.

ATTACHMENT D
DETAILED COST ESTIMATE FROM SELECTED OR POTENTIAL VENDORS
FOR EACH PROPOSED EXPENDITURE EXCEEDING \$25,000 (5.2.6)

See attached invoices.
