

APPENDIX D-4  
Beneficiary Eligible Mitigation Action Certification

South Central Solid Waste Authority Truck Replacement Project # NM-VW-22-06

## BENEFICIARY ELIGIBLE MITIGATION ACTION CERTIFICATION

Beneficiary State of New Mexico

Lead Agency Authorized to Act on Behalf of the Beneficiary New Mexico Environment Department

*(Any authorized person with delegation of such authority to direct the Trustee delivered to the Trustee pursuant to a Delegation of Authority and Certificate of Incumbency)*

Action Title:	South Central Solid Waste Authority Truck Replacement Project
Beneficiary's Project ID:	NM-VW-22-06
Funding Request No.	(sequential) 054
Request Type: (Select one or more)	<input checked="" type="checkbox"/> Reimbursement <input type="checkbox"/> Other (specify):
Payment to be made to: (Select one or more)	<input type="checkbox"/> Beneficiary <input checked="" type="checkbox"/> Other (specify): South Central Solid Waste Authority
Funding Request & Direction (Attachment A)	<input checked="" type="checkbox"/> Attached to this Certification <input type="checkbox"/> To be Provided Separately

### SUMMARY

<b>Eligible Mitigation Action</b> <input checked="" type="checkbox"/> Appendix D-2 item (specify): Eligible Mitigation Action 1. Class 8 Local Freight Trucks and Port Drayage Trucks (Eligible Large Trucks)
<b>Action Type</b> <input type="checkbox"/> Item 10 – DERA Option (5.2.12) (specify and attach DERA Proposal)
<b>Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1):</b> The Beneficiary Mitigation Plan's overarching goal is to protect New Mexico's environment and the health of our citizens. The Trust allows the State the opportunity to offset (mitigate) the impact of excess nitrogen oxide (NO <sub>x</sub> ) emissions associated with the affected vehicles registered within New Mexico. The reduction of NO <sub>x</sub> from mobile sources achieves the intended use of Trust funds by preventing the deterioration of air quality, ensuring the health and safety of the inhabitants of the state, and promoting visibility improvement within New Mexico. Implementation of diesel NO <sub>x</sub> reduction projects using Trust funds will have immediate and long-lasting benefits. The proposed project will reduce emissions of NO <sub>x</sub> , focusing on the most cost-effective vehicles that maximize emission reductions.
<b>Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2):</b> South Central Solid Waste Authority (SCSWA) is a government solid waste transfer facility located in Las Cruces NM. Their Fleet resides on site at their Amador Transfer station, 2865 West Amador, but they service all the Southwest, primarily Dona Ana County, with their solid waste and recycling services. They are within one block of two large truck stops, also within one block of two large heavy truck repair shops. Interstate-10 runs along the Southern border of their facilities property line. SCSWA is replacing five Class 8 diesel trucks (MY 2003, 2007, 2008, 2009, 2009), with clean diesel: Three 2025 International LT Tractors with wet kits and two 2025 International MV607 trucks with Peterson Grapples. The El Paso – Las Cruces, Texas – New Mexico Nonattainment Area is classified as a Marginal for the 8-Hour Ozone NAAQS (2015).
<b>Estimate of Anticipated NO<sub>x</sub> Reductions (5.2.3):</b> The total lifetime NO <sub>x</sub> reduction for this project is estimated to be 1.67 tons over a fifteen-year period.
<b>Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1):</b>

The New Mexico Environment Department Administrative Services Division is the governmental entity responsible for reviewing and auditing expenditures of EMA funds to ensure compliance.

**Describe how the Beneficiary will make documentation publicly available (5.2.7.2):**

The New Mexico Environment Department has created a public website, <https://www.env.nm.gov/vw-settlement/> for information relating to the Trust, the VW Partial Consent Trust Decrees, New Mexico's Beneficiary Mitigation Plan, and project implementation information. To provide transparency and accountability, the NMED will post information on its website.

**Describe any cost share requirement to be placed on each NO<sub>x</sub> source proposed to be mitigated (5.2.8):**

The total project cost was Eight Hundred Ninety-Five Thousand Three Hundred Eighty-Four dollars and Ninety-One cents (\$895,384.91). The SCSWA was awarded Trust funding in the amount of Six Hundred Seventy-Eight Thousand Three Hundred Forty-Eight dollars (\$678,348.00), which will be paid through this D-4. The remaining Two Hundred Seventeen Thousand Thirty-Six dollars Ninety-One cents (\$217,036.91) is their cost share.

**Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9):**

On February 27, 2018, NMED sent notice to the U.S. Department of the Interior and the U.S. Department of Agriculture using the contact information provided in subparagraph 4.2.8.

**If applicable, describe how the mitigation action will mitigate the impacts of NO<sub>x</sub> emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):**

The VW Mitigation Trust funds have afforded the State the opportunity to advance environmental justice goals. New Mexico's Draft Mitigation Plan expresses a commitment to prioritizing projects that benefit those communities most impacted by poor air quality. Historically, minorities and those living below the poverty level have borne a disproportionate share of air pollution, including emissions associated with non-road and on-road heavy-duty diesel-fueled vehicles. SCSWA is located in the City of Las Cruces, with a population of 100,341, which is within Doña Ana County, with a population of 216,069. Doña Ana County is predominantly minority occupied (73%), as is the City of Las Cruces (67%). Poverty in Doña Ana County is 34%, and 32% in Las Cruces.

## ATTACHMENTS

### (CHECK BOX IF ATTACHED)

<input checked="" type="checkbox"/>	<b>Attachment A</b>	<b>Funding Request and Direction.</b>
<input checked="" type="checkbox"/>	<b>Attachment B</b>	<b>Eligible Mitigation Action Management Plan Including Detailed Budget and Implementation and Expenditures Timeline (5.2.4).</b>
<input checked="" type="checkbox"/>	<b>Attachment C</b>	<b>Detailed Plan for Reporting on Eligible Mitigation Action Implementation</b>
<input checked="" type="checkbox"/>	<b>Attachment D</b>	<b>Detailed cost estimates from selected or potential vendors for each proposed expenditure exceeding \$25,000 (5.26).</b>
<input type="checkbox"/>	<b>Attachment E</b>	<b>DERA Option (5.2.12). [Attach only if using DERA option.]</b>
<input type="checkbox"/>	<b>Attachment F</b>	<b>Attachment specifying amount of requested funding to be debited against each beneficiary's allocation (5.2.13).</b>

## CERTIFICATIONS

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of Beneficiary the State of New Mexico, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make payments described in this application and Attachment A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

DATED: 3/3/2025

Eric Peters  
Control Strategies Manager, Air Quality Bureau

New Mexico Environment Department

**ATTACHMENT C**  
**DETAILED PLAN FOR REPORTING ON ELIGIBLE MITIGATION**  
**ACTION IMPLEMENTATION**

The New Mexico Environment Department (NMED), as the lead agency for the State of New Mexico for implementing the Volkswagen Environmental Mitigation Settlement Plan, has established a webpage for the Settlement and mitigations actions, [www.env.nm.gov/vw-settlement/](http://www.env.nm.gov/vw-settlement/). NMED will post documents and links as required under Paragraph 7 of Appendix D-3 Certification for Beneficiary Status form. NMED is subject to the Open Meetings Act, which provides the statutory guidelines for conducting public meetings and the Inspection of Public Records Act, which is a New Mexico state law that provides the public and media access to public information.

For the initial round of funding, NMED solicited, through a competitive process, public and private entities for funding opportunities. Projects were selected through a scored application using an identified scoring criterion. The records of selected projects will be posted and made available on the NMED VW Settlement webpage. The public website was created specifically to provide information related to the Trust, the VW Partial Consent Decrees, and accountability. NMED will post timely updates on the following:

- General information on the Trust and Consent Decrees
- The State's final Beneficiary Plan
- All public records supporting funding requests the NMED submits to the Trust
- All public records supporting all expenditures of the Trust Fund
- NMED contact information

After the initial round of funding, NMED will periodically evaluate the implementation of the State's Beneficiary Mitigation Plan (BMP) and associated Eligible Mitigation Actions and will determine whether any revisions to the BMP and funding levels need to be reevaluated. If revisions to the BMP are warranted, NMED will seek public input on BMP revisions with a minimum of a 30-day public comment period.

In addition, the State will also comply with the reporting obligations listed in the Environmental Mitigation Trust Agreement for State Beneficiaries in Subparagraph 5.3.
