Re: North Dakota Funding Request  
VW Draw 9 (Eligible Buses)

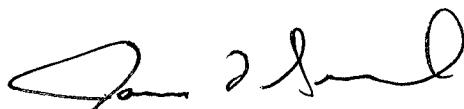

Ladies/Gentlemen:

Enclosed is a copy of North Dakota's Appendix D-4 Beneficiary Eligible Mitigation Action Certification and an Attachment A Funding Request and Direction pursuant to Paragraph 5.2 of the Environmental Mitigation Trust Agreement (Trust Agreement).

This request (VW Draw 9) is for projects to be funded under the Category 2, Class 4-8 School Bus, Shuttle Bus, or Transit Bus (Eligible Buses) eligible mitigation action of the Trust Agreement.

If you have any questions or comments, do not hesitate to contact Keith Hinnenkamp of my staff at (701)328-5188 or by e-mail at [khinnenk@nd.gov](mailto:khinnenk@nd.gov).

Sincerely,

James L. Semerad

### SUMMARY

Eligible Mitigation Action <input checked="" type="checkbox"/> Appendix D-2 item (specify): <u>Category 2</u> Action Type <input type="checkbox"/> Item 10 - DERA Option (5.2.12) (specify and attach DERA Proposal):
Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1): See Attachment
Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2): See Attachment
Estimate of Anticipated NOx Reductions (5.2.3): See Attachment
Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1): North Dakota Department of Environmental Quality, Division of Air Quality
Describe how the Beneficiary will make documentation publicly available (5.2.7.2). All documentation will be posted on North Dakota's Air Quality website ( <a href="https://deq.nd.gov/AQ/planning/VW.aspx">https://deq.nd.gov/AQ/planning/VW.aspx</a> )
Describe any cost share requirement to be placed on each NOx source proposed to be mitigated (5.2.8). For all replacement and repower projects, the NDDEQ plans to reimburse at 50% of the rates listed in Appendix D-2 of the Environmental Mitigation Trust Agreement (e.g. if "up to 100%" is allowed by the trust agreement, 50% will be the reimbursement rate).
Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9).

Emails were sent to the National Park Service, the U.S. Fish and Wildlife Services, and the Forest Service on February 15, 2018. Letters were sent to the U.S. Army Corps of Engineers on February 21, 2018. (See Attachments)

If applicable, describe how the mitigation action will mitigate the impacts of NOx emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10).  
See Attachment

**ATTACHMENTS**  
(CHECK BOX IF ATTACHED)

- Attachment A Funding Request and Direction.
- Attachment B Eligible Mitigation Action Management Plan Including Detailed Budget and Implementation and Expenditures Timeline (5.2.4).
- Attachment C Detailed Plan for Reporting on Eligible Mitigation Action Implementation (5.2.11).
- Attachment D Detailed cost estimates from selected or potential vendors for each proposed expenditure exceeding \$25,000 (5.2.6). [Attach only if project involves vendor expenditures exceeding \$25,000.]
- Attachment E DERA Option (5.2.12). [Attach only if using DERA option.]
- Attachment F Attachment specifying amount of requested funding to be debited against each beneficiary's allocation (5.2.13). [Attach only if this is a joint application involving multiple beneficiaries.]

**CERTIFICATIONS**

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of Beneficiary North Dakota, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make the payments described in this application and Attachment A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in

support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

[BENEFICIARY]

**Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1):**

The primary goal of North Dakota's Beneficiary Mitigation Plan is to reduce NO<sub>x</sub> emissions. The transition to new, and therefore cleaner, diesel powered vehicles is one means of reducing NO<sub>x</sub> emissions in the state of North Dakota. In addition, under North Dakota's listing of the Eligible Mitigation Actions, North Dakota estimates that between 10% and 50% of eligible mitigation funds will be spent on Class 4-8 Eligible Buses (Category 2).

**Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2):**

As the beneficiary, the NDDEQ, Division of Air Quality personnel held multiple public comment periods and public meetings to hear what the citizens of North Dakota would prefer North Dakota's portion of the settlement funds be spent on. There was interest in both vehicle replacements and expanding electric vehicle charging capabilities. The current proposed Category 2 mitigation action intends to partially fund the replacement of twenty-three eligible buses. The applications are listed in the table below and includes twenty-three eligible buses.

**Estimate of Anticipated NO<sub>x</sub> Reductions (5.2.3):**

The Environmental Protection Agency's Diesel Emissions Quantifier was used to determine emission reductions from the replacement of the buses. The following lifetime emission reductions were determined:

**If applicable, describe how the mitigation action will mitigate the impacts of NO<sub>x</sub> emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):**

As is described in North Dakota's Beneficiary Mitigation Plan, there are no areas in North Dakota that have been designated as nonattainment for any State or Federal ambient air quality standards. Therefore, North Dakota did not request that applications be submitted for specific regions within the state. Instead, North Dakota worked to spread the vehicle replacements across the state in a manner that will provide the greatest benefit to all North Dakota residents. Therefore, emissions reductions will be state-wide.

**DETAILED PLAN FOR REPORTING ON ELIGIBLE MITIGATION ACTION IMPLEMENTATION**

The North Dakota Department of Environmental Quality, Division of Air Quality (NDDEQ) will provide detailed reporting on the Volkswagen Environmental Mitigation Trust in two ways:

- 1) Timely updates to the NDDEQ's Volkswagen Settlement webpage  
(<https://deq.nd.gov/AQ/planning/VW.aspx>)
- 2) North Dakota's semiannual reporting obligation to Wilmington Trust (the Trustee).

North Dakota maintains a website for the North Dakota Department of Environmental Quality, which is meant to keep the public informed about topics of interest. The Air Quality Division, which is the lead agency acting on behalf of the beneficiary, maintains a Volkswagen Settlement website, which is updated periodically with information about the Division of Air Quality's progress on use of the Settlement funds. The Division of Air Quality plans to use this website to provide updates as part of our reporting requirements and as a way to keep the public informed of our progress.

Subparagraph 5.3 of the Environmental Mitigation Trust Agreement for State Beneficiaries details North Dakota's Reporting Obligations: "For each Eligible Mitigation Action, no later than six months after receiving its first disbursement of Trust Assets, and thereafter no later than January 30 and July 30 of each year, each Beneficiary shall serve upon the Trustee, a semiannual report describing the progress implementing each Eligible Mitigation Action during the six-month period leading up to the reporting date (including a summary of all costs expended on the Eligible Mitigation Action through the reporting date). Such reports shall include a complete description of the status (including actual or projected termination date), development, implementation, and any modification of each approved Eligible Mitigation Action. Beneficiaries may group multiple Eligible Mitigation Actions and multiple sub-beneficiaries into a single report. These reports shall be signed by an official with the authority to submit the report for the Beneficiary and must contain an attestation that the information is true and correct and that the submission is made under penalty of perjury. To the extent a Beneficiary avails itself of the DERA Option described in Appendix D-2, that Beneficiary may submit its DERA Quarterly Programmatic Reports in satisfaction of its obligations under this subparagraph as to those Eligible Mitigation Actions funded through the DERA Option. The Trustee shall post each semiannual report on the Trust's public-facing website upon receipt."

In North Dakota's semiannual reporting, following the Trustee's approval of this project, the Division of Air Quality will describe the progress of implementing the Category 2 eligible mitigation action. The semiannual report will include a summary of all costs expended on the Category 2 eligible mitigation action, in addition to any other eligible mitigation actions, which are also funded through the reporting date. The report will also include a complete description of the status, development, implementation, and any modification to any eligible mitigation actions.

Any controversy, dispute, or claim arising out of or relating in any way to this contract or the breach thereof, shall be finally resolved by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules. The arbitrator's decision shall be final and legally binding and judgment may be entered thereon. The arbitration will be conducted in the English language in the city and state in which the selling dealer's, Harlow's Bus Sales, nearest dealership is located. Each party shall be responsible for its share of the arbitration fees in accordance with the applicable Rules of Arbitration. The costs to initiate arbitration will be incurred solely by the party initiating the dispute. In the event a party fails to proceed with arbitration, unsuccessfully challenges the arbitrator's award, or fails to comply with the arbitrator's award, the other party is entitled to costs of suit, including a reasonable attorney's fee for having to compel arbitration or defend or enforce the award.

THIS CONTRACT CONTAINS A BINDING ARBITRATION PROVISION WHICH AFFECTS YOUR LEGAL RIGHTS AND MAY BE ENFORCED BY THE PARTIES.

By initialing hereafter, purchaser agrees that they will keep full physical damage and liability insurance on all vehicles on this contract starting on the day of delivery from Harlow's Bus Sales, Inc. \_\_\_\_\_

By initialing hereafter, purchaser agrees not to use any vehicle on this contract under any circumstances until the contract is paid in full. If it is used and any claim arises from that use, purchaser agrees to hold Harlow's Bus Sales, Inc. and any of its creditors harmless for any and all amounts related to that claim.

By signing this document you agree to accept delivery of this vehicle at the above agreed upon price

Dear National Park Service Representative,

In accordance with section 4.2.8 of the final Environmental Mitigation Trust Agreement for State Beneficiaries (Trust Agreement) of the Volkswagen Settlement, attached is a copy of the Trust Agreement. Section 4.2.8 of the Trust Agreement requires Beneficiaries to provide a copy of the Trust Agreement to Federal agencies that have control or management of land under which environmental mitigation actions may occur under the Trust Agreement.

The North Dakota Department of Health has been designated by the Governor as the Beneficiary for the State of North Dakota. The Beneficiary is the agency that will be working with the Environmental Mitigation Trust, and complete NOx emission mitigation projects in accordance with the Volkswagen Settlement.
