
APPENDIX D-4
Beneficiary Eligible Mitigation Action Certification

FUNDING REQUEST #27

BENEFICIARY ELIGIBLE MITIGATION ACTION CERTIFICATION

Beneficiary: State of Illinois

Lead Agency Authorized to Act on Behalf of the Beneficiary: Illinois Environmental Protection Agency (Illinois EPA)

Action Title:	Electric Truck Replacements
Beneficiary's Project ID:	Veterans Energy Team: 2025-015
Funding Request No.:	27
Request Type: (select one or more)	<input checked="" type="checkbox"/> Reimbursement <input type="checkbox"/> Advance <input type="checkbox"/> Other (specify): _____
Payment to be made to: (select one or more)	<input type="checkbox"/> Beneficiary <input checked="" type="checkbox"/> Other (specify): Veterans Energy Team LLC
Funding Request & Direction: (Attachment A)	<input type="checkbox"/> Attached to this Certification <input checked="" type="checkbox"/> To be Provided Separately

SUMMARY

Eligible Mitigation Action Action Type	<input checked="" type="checkbox"/> Appendix D-2 item (specify): <u>1. Class 8 Local Freight Truck Replacement and Administrative Expenditures</u> <input type="checkbox"/> Item 10 – DERA Option (5.2.12) (specify and attach DERA Proposal)
Explanation of how funding request fits into Beneficiary's Mitigation Plan (5.2.1):	
Illinois' revised BMP submitted in April 2022 allocates up to 19 percent of its funds to replace older diesel local freight trucks with new all-electric local freight trucks and charging infrastructure and up to 2 percent for administrative costs (Section IV(D)).	
Detailed Description of Mitigation Action Item Including Community and Air Quality Benefits (5.2.2):	
This funding request involves the replacement of two Class 8 engine model year 1994 and 1998 local freight/delivery trucks with two new Class 8 all-electric freight/delivery trucks. The new trucks will operate in the City of Chicago in Cook County (Priority Area 1 in Illinois' BMP) and serve low-income areas within the City in hauling and delivering supplies involving several daily stops.	
The grant award was established at 50% of eligible costs for electric freight/delivery trucks. The grant award for Veterans Energy Team for two trucks is \$392,489. Replacing older diesel trucks with new electric trucks will result in reductions of NOx and other pollutants thereby providing air quality benefits in the City of Chicago.	
Estimate of Anticipated NOx Reductions (5.2.3):	
It is anticipated that the project will result in 1.34 tons of annual NOx reductions by scrapping two older Class 8 trucks making local deliveries that average nearly 43,000 miles and consume 6,500 gallons of diesel fuel annually.	
Identification of Governmental Entity Responsible for Reviewing and Auditing Expenditures of Eligible Mitigation Action Funds to Ensure Compliance with Applicable Law (5.2.7.1):	
Illinois EPA	

Describe how the Beneficiary will make documentation publicly available (5.2.7.2) The public may access documentation and records relative to the State of Illinois' administration of Trust Funds by submitting a request to the Illinois EPA pursuant to the Illinois Freedom of Information Act (5 ILCS 140/1, et. seq.). The Illinois EPA has regulations ("Access to Public Records of the Illinois Environmental Protection Agency," 2 Ill. Adm. Code Part 1828) that provide the framework by which Illinois EPA public records may be requested, accessed, inspected, duplicated, and further lists the records what will not be disclosed to the public, including records that contain personally-identifiable information and confidential business information. Trade secret and confidential business information claims are reviewed by the Illinois EPA in accordance with procedures and rules provided in 35 Ill. Adm. Code Part 130 and 2 Ill. Adm. Code Part 1828.

The Illinois EPA will make certain documentation and records relative to its administrative of Trust Funds available on its Driving a Cleaner Illinois webpage. The Illinois EPA's Beneficiary Mitigation Plan ("BMP") was made available to the public for review and comment, and the final BMP is available through the Illinois EPA's Driving a Cleaner Illinois webpage. The Illinois EPA will make available funding opportunities and related information and documents through this webpage. Further, the Illinois EPA will maintain and make available for public review all documentation submitted in support of funding requests and all records supporting all expenditures of eligible mitigation action funds consistent with the aforementioned laws and regulations.

Describe any cost share requirement to be placed on each NOx source proposed to be mitigated (5.2.8):

Environmental Mitigation Trust Funds will provide 50% funding of eligible costs for the new electric trucks. Applicants are required to provide a minimum 50% cost share, resulting in a total minimum cost share amount of \$392,489 for the project.

Describe how the Beneficiary complied with subparagraph 4.2.8, related to notice to U.S. Government Agencies (5.2.9):

Illinois EPA provided the requisite notice via email to the appropriate agencies on February 27, 2018.

If applicable, describe how the mitigation action will mitigate the impacts of NOx emissions on communities that have historically borne a disproportionate share of the adverse impacts of such emissions (5.2.10):

The new electric trucks will operate in Cook County and will serve the low-income areas in the City of Chicago in making deliveries involving several stops. The new trucks will be zero emissions and eliminate idling emissions that were an issue for the older trucks. The trucks will serve and operate in areas that have a large, disproportionate amount of diesel truck traffic and related emissions.

CERTIFICATIONS

By submitting this application, the Lead Agency makes the following certifications:

1. This application is submitted on behalf of the Beneficiary State of Illinois, and the person executing this certification has authority to make this certification on behalf of the Lead Agency and Beneficiary, pursuant to the Certification for Beneficiary Status filed with the Court.
2. Beneficiary requests and directs that the Trustee make the payments described in this application and Attached A to this Form.
3. This application contains all information and certifications required by Paragraph 5.2 of the Trust Agreement, and the Trustee may rely on this application, Attachment A, and related certifications in making disbursements of trust funds for the aforementioned Project ID.
4. Any vendors were or will be selected in accordance with a jurisdiction's public contracting law as applicable. (5.2.5)
5. Beneficiary will maintain and make publicly available all documentation submitted in support of this funding request and all records supporting all expenditures of eligible mitigation action funds subject to applicable laws governing the publication of confidential business information and personally identifiable information. (5.2.7.2)

ATTACHMENT B

**Eligible Mitigation Action Management Plan Including Detailed Budget and Implementation and Expenditures
Timeline (5.2.4)**

Electric Local Freight Truck Replacements

Pursuant to Section 5.2.4 of the Environmental Mitigation Trust Agreement, the Illinois EPA provides the following Eligible Mitigation Action Management Plan. The milestone dates and yearly budget distributions provided are estimates and are subject to change based on the date of grant agreement execution and other variables.

Project Implementation Schedule and Milestones

Grantees: Veterans Energy Team

Project ID: 2025-015

Period of Performance: February 2026 – June 2027

Milestone	Estimated Date
Illinois EPA enters into Grant Agreement	February 2026
Applicant enters into Purchase Agreement/Places Order	March 2026
Delivery of Vehicles from Vendor	May 2027
Existing Vehicles Scrapped	May 2027
New Vehicles placed into Service	June 2027
Applicant provides detailed invoices for all claimed project costs and required final project certification documents to Illinois EPA to support direction to Trustee for Payment (Reimbursement, Direct-to-Vendor)	July 2027
Illinois EPA Completes Review and Certifies Payment Direction to Trustee (Reimbursement)	July 2027
Trustee Acknowledges Receipt of Direction for Payment(s) (Reimbursement)	August 2027
Illinois EPA submits Final Report for Project Completion	July 2027

PROJECT BUDGET

Electric Local Freight Truck Replacements

Budget Category	Total Approved Budget	Share of Total Budget to be Funded by the Trust	Cost-Share
2 New Electric Local Freight/Delivery Truck	\$784,978	\$392,489	\$392,489
IEPA Administration @2%	\$7,849.78	\$7,849.78	
Project Totals	\$792,827.78	\$400,338.78	\$392,489
Percentage of Truck and Equipment Expenditure (not including 2% admin.)	100%	50%	50%

PROJECTED TRUST ALLOCATIONS

Illinois' Allocation	\$108,679,676.98
Plus Approx. Interest to Date	\$22,043,149
Total Allocation to Spend	\$130,722,825.98
Obligated Awards from Previous D-4 Submittals for Funding Requests #1-26 (Equipment + Administration Costs)	\$100,625,025.53
Illinois' Net Allocation	\$30,097,800.45
Current D-4 Project Funding Request (Funding Request #27 for 2 Electric Trucks + Administration Costs)	\$400,338.78
Illinois' Remaining Unobligated Allocation	\$29,697,461.67

Funding Request #27: Anticipated Budget Year Distribution of Project Costs (Equipment + Admin.)	2026	2027	2028
1. Anticipated Annual Project and Administrative funding request to be paid through the Trust		\$400,338.78	
2. Anticipated Annual Cost Share		\$392,489	
3. Anticipated Total Project Funding by Year		\$792,827.78	

ATTACHMENT C

Detailed Plan for Reporting on Eligible Mitigation Action Implementation (5.2.11) Electric Local Freight Truck Replacements

Pursuant to Sections 5.2.11 and 5.3 of the Environmental Mitigation Trust Agreement, the Illinois EPA provides this project implementation reporting plan for the purchase of two new electric freight/delivery trucks by Veterans Energy Team LLC. This detailed plan for reporting incorporates applicable State of Illinois grantee reporting requirements as well as Illinois' obligation to comply with the semi-annual reporting requirement contained in Section 5.3 of the Environmental Mitigation Trust Agreement. Veterans Energy Team will provide the reports as specified below to the Illinois EPA. Further, the Illinois EPA will provide semi-annual reports to the Volkswagen Trustee as specified below and as required based on the reporting information received from the grantees. The reporting deadlines contained herein are estimates and are subject to change based on the date of grant agreement execution and other variables.

Grantees: Veterans Energy Team

Project ID: 2025-015

Reports and Reporting Schedule

Estimated execution of grant agreement and start of project:	February 2026
Due date of quarterly project report #1 from Grantee to Illinois EPA:	April 15, 2026 (January-March 2026)
Due date of quarterly project report #2 from Grantee to Illinois EPA:	July 15, 2026 (April-June 2026)
Due date of semi-annual project report #1 from Illinois EPA to Trustee:	July 30, 2026 (January-June 2026)
Due date of quarterly project report #3 from Grantee to Illinois EPA:	October 15, 2026 (July-September 2026)
Due date of quarterly project report #4 from Grantee to Illinois EPA:	January 15, 2027 (October-December 2026)
Due date of semi-annual project report #2 from Illinois EPA to Trustee:	January 30, 2027 (July-December 2026)
Due date of quarterly project report #5 from Grantee to Illinois EPA:	April 15, 2027 (January-March 2027)
Due date of final project report from Grantee to Illinois EPA:	June 30, 2027
Due date of final project report from Illinois EPA to Trustee:	July 30, 2027

Report Content

Grantee and Illinois EPA reports will contain, at a minimum, the following information:

1. Summary of all costs expended through the reporting period and to date
2. Project status and development and implementation accomplishments
3. Any project modifications as compared to the original plan
4. Actual or projected project completion and grant termination date

ATTACHMENT D

Detailed Cost Estimates from Selected or Potential Vendors for each Proposed Expenditure Exceeding \$25,000 (5.2.6) Electric Local Freight Truck Replacements

Pursuant to Section 5.2.6 of the Environmental Mitigation Trust Agreement, Illinois EPA provides the following detailed cost estimates for the purchase of two new electric local freight/delivery trucks by Veterans Energy Team.

Grantees: Veterans Energy Team

Project ID: 2025-015

Equipment	Equipment Cost	Eligible Award Cost @50%
1 Class 8 Electric Truck	\$434,978	\$217,489
1 Class 8 Electric Truck	\$290,000	\$145,000
Charging Equipment	\$60,000	\$30,000
TOTALS	\$784,978	\$392,489

Trust Fund Request 2 Electric Local Freight/Delivery Trucks:

\$392,489

Trust Fund Request for Illinois EPA 2% Administrative Costs:

\$7,849.78

Total Trust Fund Request for Funding Request #27:

\$400,338.78
